Pascal Zachary, 2003-01-07 Why is Japan a country that looked economically invincible a decade ago stagnating while long moribund Ireland booms What are the qualities that will ensure the continued dominance of U S culture society and business In *The Diversity Advantage* G Pascal Zachary provides a provocative roadmap to the new civilization arising out of sweeping shifts in the world economy He reveals through vivid examples of individuals and institutions that the key new determinants for any nation s economic political and cultural success are surprisingly a diverse population and a mongrel sense of self Roaming the globe Zachary shows how the rise of new forms of identity and migration are helping to determine exactly who will win and lose in the next century Zachary s thesis isn t just about countries but about individuals too In his tour of a new global civilization we meet a fascinating gallery of successful characters who possess an intriguing mix of roots and wings Strong enough to know who they are they are nevertheless ceaselessly becoming someone else and in the process bestowing the gifts of creativity and social harmony on the cities and states that they call home Updated with a new introduction by the author      **Sex and Religion** Dag Ølstein Endsjø, 2012-01-01 Sex and religion are inevitably and intricately linked There are few realms of human experience other than sex in which religion has greater reach and influence The role of religion of any faith to prohibit regulate condemn and reward is unavoidably prominent in questions of sex namely with whom when how and why In *Sex and Religion* Dag Ølstein Endsjø examines the myriad and complex religious attitudes towards sex in cultures throughout the world Endsjø reflects on some of the most significantly problematic areas in the

relationship between sex and religion from sex before or outside of marriage to homosexuality Through many examples from world religions he outlines what people mean by sex in a religious context with whom it s permissible to have sex how sex can be a directly religious experience and what consequences there are for deviance for both the individual and society As Endsj explains while Buddhist monks call attention to gay sex as a holy mystery the Christian church questions a homosexual s place in the church Some religions may believe that promiscuity leads to hurricanes and nuclear war and in others God condemns interracial marriage Sex and Religion reveals there is nothing natural or self evident about the ways in which various religions prescribe or proscribe and bless or condemn different types of sexuality Whether sex becomes sacred or abhorrent depends entirely on how a religion defines it Sex and Religion is a fascinating investigation of mores meanings rituals and rules in many faiths around the globe and will be of interest to anyone curious about the intersection of these fundamental aspects of human history and experience Clymer Yamaha YX600 Radian & FZ600, 1986-1990 ,1992
