Cyclopædia Bibliographica: A Library Manual Of Theological And General Literature, and guide to books for Authors, preachers, students, and literary men. James Darling, 1859 *Cyclopaedia Bibliographica: a Library Manual of Theological and General Literature, and Guide to Books for Authors, Preachers, Students, and Literary Men. Subjects. Holy Scriptures* James Darling (Bookseller in London, 1797-1862.), 1859 Fundamentals of the Faith Teacher's Guide Grace Community Church, 2009-03-26 Teacher's guide to the popular study Fundamentals of the Faith With topics ranging from God His Character and Attributes to The Church Fellowship and Worship this course on the basics of the Christian faith is ideal for discipling new believers or realizing afresh what it means to follow Jesus The material is trusted but a good teacher is critical This guide will help you be that teacher containing answers to the 13 lessons as well as excellent teaching notes to prepare you to guide the group Corresponds to the 13 lesson workbook students will be using Readers' Guide to Periodical Literature Anna Lorraine Guthrie, Bertha Tannehill, Neltje Marie Tannehill Shimer, 1919 *The Exegetical Study Guide Series* A. T. Steele, A T Steele M DIV M a, 2009-06 Do you have a desire to know the on the ground facts concerning the validity of the New Testament Have you ever wanted to know what the original languages were and what they said and to stop relying upon one published translation after another without studying the languages Want a different kind of New Testament commentary that is not boring and will excite you to understand how and why the New Testament came to be Need Solid proof of the validity of the New Testament and the statements of the Messiah Desire a ground breaking work that will unite the pages of history with the pages of the Bible The Exegetical Study Guide Series by A T Steele will provide the reader with understandable yet technical access to the original language without having ever taken one course to do so Far from being a surface level study this book will draw the reader into the richness and depth of the New Covenant concept rife with life applications Prepare to understand the original New Testament content as it was intended to be understood by its original authors It is a beginner's guide to deeper New Testament study as well as a long awaited work for the bible student and can be utilized in personal and group studies collegiate pursuits and as a reference for research Steele's methods of explaining the original Greek of the New Testament and demonstrating how it is translated is a careful crafted and designed for the average reader and is positively unlike anything else found on the subject The reader will assuredly walk away from the book with a new outlook on how the New Testament came to be and how history was awakened in the first century This book should be in the hands of any serious student of biblical exegesis and every serious Christian who is on the path of real discipleship Readers' Guide to Periodical Literature , 1915 A Skeptic's Guide to Jesus Christopher Cumo, 2016 Western civilization was for centuries held together by the glue of Christianity the religion founded upon the teachings and actions of Jesus to the extent that it may be possible to infer them from the written record This book has grown out of the conviction that the methods of history in particular and of the sciences secondarily have not been applied forcefully enough to an

investigation of Jesus We will scrutinize this written record and see how much we actually know This book is in part a confession a literary genre that goes back to Augustine bishop of Hippo in North Africa and Catholic saint Yet my agenda differs from his Augustine lived at a time when the Christian Church was beginning to flex its muscles and make bold claims Today we live in the twilight of the gods to borrow the title of one of Friedrich Nietzsche's last works Religion as a general construct peaked long ago probably before the Enlightenment and is now in retreat This period of decline and demise makes essential at long last a realistic treatment of Jesus of Nazareth As an Italian by birth and upbringing the author was early baptized into the Catholic Church Then his mother died at age 43 He was 15 years old himself at the time and didn't know how to reconcile the notion of a good just loving God with such a tragedy Seeking to know whether the Jesus of the written records can withstand the scrutiny of the sciences and history he eventually found what is the most probative way of examining Jesus a task that forms the core of this book A very long time ago humans had little more than faith to guide them Chris does not write for that mindset but aims to entertain other methods of understanding what we call reality with the sciences philosophy and history as our guides He hopes that their rigor will appeal to those who remain intellectually curious and open minded
