Silence Your Mind Ramesh Manocha, 2013-01-08 Can't sleep because your thoughts won't switch off? Ever walked into a room to get something only to realise you've forgotten what you were looking for? Does a constant stream of unnecessary chatter run through your head? Do you wish you could stop that mental noise whenever you wanted to? Australian bestseller **SILENCE YOUR MIND** offers a completely new approach to meditation: the experience of mental silence that will help recharge your mental batteries and leave you feeling more positive, dynamic and wholly engaged with the world. It clearly explains how just 10 to 15 minutes of simple meditation practice each day can turn off that unnecessary mental chatter, thereby awakening your hidden abilities in work, sport, studies and creative pursuits. Scientifically based, this is fundamentally different from any meditation book you may have read before. Australian Dr Ramesh Manocha is leading the world in research into the positive impacts of the mental silence experience. His findings show that authentic meditation is easy, enjoyable, health-giving and life-changing. **SILENCE YOUR MIND** has sold over 10,000 copies in Australia. Royalties from its sale are directed to further research and educational activities in the field of meditation. **C. G. Jung and the Dead**

Stephani Stephens, 2019-07-05 **C. G. Jung and the Dead: Visions, Active Imagination and the Unconscious Terrain** offers an in-depth look at Jung's encounters with the dead, moving beyond a symbolic understanding to consider these figures a literal presence in the psyche. Stephani L. Stephens explores Jung's personal experiences, demonstrating his skill at visioning in all its forms as well as detailing the nature of the dead. This unique study is the first to follow the narrative thread of the dead from *Memories, Dreams, Reflections* into *The Red Book*, assessing Jung's thoughts on their presence, his obligations to them, and their role in his psychological model. It offers the opportunity to examine this previously neglected theme unfolding during Jung's period of intense confrontation with the unconscious and to understand active imagination as Jung's principle method of managing that unconscious content. As well as detailed analysis of Jung's own work, the book includes a timeline of key events and case material. **C. G. Jung and the Dead** will offer academics and students of Jungian and post-Jungian studies, the history of psychology, Western esoteric history and gnostic and visionary traditions, a new perspective on Jung's work. It will also be of great interest to Jungian analysts and psychotherapists, analytical psychologists and practitioners of other psychological disciplines interested in Jungian ideas. *The Ultimate Star Trek and Philosophy* Kevin S.
