

# APX™ 8000HXE

## ALL-BAND P25 HAZLOC PORTABLE RADIO

### 360 DEGREES OF SAFETY.

AS FIREFIGHTERS, YOU ROUTINELY PUT YOURSELVES IN HARM'S WAY. YOU SHOULDN'T NEED TO WORRY THAT THE EQUIPMENT YOU CARRY IS UP TO THE TASK.

As our flagship radio for fire and rescue, the APX 8000HXE is designed for the most hazardous conditions. Because the APX 8000HXE is certified to Div 1 HazLoc standards, you can be confident entering areas where unknown chemicals and gases add to an already dangerous situation.

Breaking communication barriers, all-band technology connects you with other agencies and departments, no matter which frequency they're on. And when you need to relay a message in a cacophony of alarms and sirens, the Adaptive Audio Engine dynamically adjusts the radio's audio response for optimal intelligibility, every time.

We collaborated closely with fire and rescue workers to develop the APX 8000HXE, and that's why it's ready for anything - submersion in deep water, impacts that would destroy a typical radio. With exaggerated controls for gloved-hand use, a pressure-tested tempered glass display and a shock-absorbing aluminum alloy endoskeleton, the APX 8000HXE delivers instant communication with total reliability.

And to keep your radios fully operational and available for end-users, our flexible managed and support services are centrally delivered with the right combination of people, processes and tools.

**Because every second matters when you're saving lives.**
