The Johannine Theology; a Study of the Doctrinal Contents of the Gospels and Epistles of the Apostle John George Barker Stevens, 1907

The Johannine Theology George B. Stevens, 2017-11-18 Excerpt from The Johannine Theology A Study of the Doctrinal Contents of the Gospel and Epistles of the Apostle John The aim of this volume is to present in systematic form the theological contents of the Gospel and Epistles of John NO account is here taken of the Apocalypse since whatever view be held respecting its authorship it represents a type of teaching so peculiar in its form and matter that it should be treated separately Accordingly most writers on Biblical theology discuss its contents as a distinct subject whether they ascribe it to the author of the Gospel and Epistles or not About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
