PT Brinkman

June 2013 1123 English Language Papers:

The Oxford Handbook of Language Attrition Monika S. Schmid, Barbara Köpke, 2019-07-17 This volume is the first handbook dedicated to language attrition the study of how a speaker's language may be affected by crosslinguistic interference and non use The effects of language attrition can be felt in all aspects of language knowledge processing and production and can offer unique insights into the mind of bilingual language users In this book international experts in the field explore a comprehensive range of topics in language attrition examining its theoretical implications psycho and neurolinguistic approaches linguistic and extralinguistic factors L2 attrition and heritage languages The chapters summarize current research and draw on insights from related fields such as child language development language contact language change pathological developments and second language acquisition

The Routledge History of U.S. Foreign Relations Tyson Reeder, 2021-12-29 The Routledge History of U S Foreign Relations provides a comprehensive view of U S diplomacy and foreign affairs from the founding to the present With contributions from recognized experts from around the world this volume unveils America's long and complicated history on the world stage It presents the United States evolution from a weak player even a European pawn to a global hegemonic leader over the course of two and a half centuries The contributors offer an expansive vision of U S foreign relations from U S Native American diplomacy in eighteenth and nineteenth centuries to the post 9 11 war on terror They shed new light on well known events and suggest future paths of research and they capture lesser known episodes that invite reconsideration of common assumptions about America's place in the world Bringing these discussions to a single forum the book provides a strong reference source for scholars and students who seek to understand the broad themes and changing approaches to the field This book will be of interest to students and scholars of U S history political science international relations conflict resolution and public policy amongst other areas

The War Report Annyssa Bellal, 2015-12-10 This War Report provides detailed information on every armed conflict which took place during 2014 offering an unprecedented overview of the nature range and impact of these conflicts and the legal issues they created In Part I the Report describes its criteria for the identification and classification of armed conflicts under international law and the legal consequences that flow from this classification It sets out a list of armed conflicts in 2014 categorising each as international non international or a military occupation with estimates of civilian and military casualties In Part II each of these conflicts are examined in more detail with an overview of the belligerents means and methods of warfare the applicable treaties and rules and any prosecutions for investigations into or robust allegations of war crimes Part III of the Report provides detailed thematic analysis of key legal developments which arose in the context of these conflicts allowing for a more in depth reflection on cross cutting questions and controversies The Report gives a full and accessible overview of armed conflicts in 2014 It should be the first port of call for everyone working in the field

Getting By Helen Hershkoff, Stephen Loffredo, 2019-10-29 Getting By offers an integrated critical account of the programs rights and legal

protections that most directly affect poor and low income people in the United States Insufficient popular understanding about programs and legal protections has contributed to a widening gap between paper rights that exist on the books and actual benefits that people can enforce on the ground A central goal of this volume is to empower individuals groups and communities to bridge this gap and in doing so to bridge gaps among those who are locked out of the American dream

Routledge Encyclopedia of Translation Technology Chan Sin-wai,2023-04-26 Routledge Encyclopedia of Translation Technology second edition provides a state of the art survey of the field of computer assisted translation It is the first definitive reference to provide a comprehensive overview of the general regional and topical aspects of this increasingly significant area of study The Encyclopedia is divided into three parts Part 1 presents general issues in translation technology such as its history and development translator training and various aspects of machine translation including a valuable case study of its teaching at a major university Part 2 discusses national and regional developments in translation technology offering contributions covering the crucial territories of China Canada France Hong Kong Japan South Africa Taiwan the Netherlands and Belgium the United Kingdom and the United States Part 3 evaluates specific matters in translation technology with entries focused on subjects such as alignment concordancing localization online translation and translation memory The new edition has five additional chapters with many chapters updated and revised drawing on the expertise of over 50 contributors from around the world and an international panel of consultant editors to provide a selection of chapters on the most pertinent topics in the discipline All the chapters are self contained extensively cross referenced and include useful and up to date references and information for further reading It will be an invaluable reference work for anyone with a professional or academic interest in the subject

The Statesman's Yearbook 2024 Palgrave Macmillan,2024-01-03 Now in its 160th edition The Statesman's Yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world Covering political economic social and cultural aspects the Yearbook is also available online for subscribing institutions

The Law of the European Union and the European Communities Pieter Jan Kuijper,Fabian Amtenbrink,Deirdre Curtin,Bruno De Witte,Alison McDonnell,2018-09-28 The Law of the European Union is a complete reference work on all aspects of the law of the European Union including the institutional framework the Internal Market Economic and Monetary Union and external policy and action Completely revised and updated with many newly written chapters this fifth edition of the most thorough resource in its field provides the most comprehensive and systematic account available of the law of the European Union EU Written by a new team of experts in their respective areas of European law its coverage incorporates and embraces many current controversial and emerging issues and provides detailed attention to historical development and legislative history of EU law Topics that are constantly debated in European legal analysis and practice are touched on in ways that are both fundamental and enlightening including the following powers and functions of the EU law institutions and relationship among them the principles of equality loyalty subsidiarity

and proportionality free movement of persons goods services and capital mechanisms of constitutional change treaty revisions accession treaties withdrawal agreements budgetary principles and procedures State aid rules effect of Union law in national legal systems coexistence of EU European Convention of Human Rights ECHR and national fundamental rights law migration and asylum law liability of Member States for damage suffered by individuals competition law cartels abuse of dominant position merger control social policy equal pay and equal treatment environmental policy consumer protection public health cultural policy education and tourism nature of EU citizenship its acquisition and loss and law and policy of the EU s external relations The fifth edition embraces many new ongoing and emerging European legal issues As in the previous editions the presentation is notable for its attention to how the law relates to economic and political realities and how the various policy areas interact with each other and with the institutional framework The many practitioners and scholars who have relied on the predecessors of this definitive work for years will welcome this extensively revised and updated edition Those coming to the field for the first time will instantly recognize that they are in the presence of a masterwork that can always be turned to with profit and that helps in understanding the rationale underlying any EU law provision or principle
