Mother To Mother:

From Mother to Mother Lisa Faulkner, 2017-03-09 I believe that most of us cook and create by being given nuggets of inspiration We take recipes and cook from them then we cook them again and tweak them and add things and then we cook them again It was this idea of passing on favourite dishes to the next generation that inspired my first book Recipes from my Mother for my Daughter This book wouldn't have come about without an email I wrote to my family and friends who are mothers I asked them what they liked to cook and eat what their fallbacks are their comfort dishes the meals they make for their families when time is short I have tweaked rewritten added and played around with their ideas and added my own family's staples but without their willingness to share their treasured favourites there would be no book In a world that is ever changing and not always a smooth ride food is a thing that binds us So here are those treasures from mother to mother with all my love and gratitude Lisa x

Mother to Mother Sindiwe Magona, 2022-08-23 A searing novel told in letter form that explores the South African legacy of apartheid through the lens of a woman whose Black son has just murdered a white woman Mother to Mother is a novel with depth at once an emotional plea for compassion and understanding and a sharp look at the impacts of colonialism and apartheid on South African families Inspired by the true story of Fulbright scholar Amy Biehl's murder the book takes the form of a letter to the victim's mother The murderer's mother Mandisa speaks of a life marked by oppression and injustice Through her writing Mandisa reveals a colonized society that not only allowed but perpetuated violence against women and impoverished Black South Africans under the reign of apartheid This book is not an apology for the murder but rather something more It seeks to connect through empathy and storytelling one pained mother with another who is grief stricken and in mourning A beautifully written exploration of the society that bred such violence Mother to Mother will resonate with readers interested in understanding and ending racial injustice as well as the lasting colonial foundations of oppression

White Mother to a Dark Race Margaret D. Jacobs, 2009-07-01 In the late nineteenth and early twentieth centuries indigenous

communities in the United States and Australia suffered a common experience at the hands of state authorities the removal of their children to institutions in the name of assimilating American Indians and protecting Aboriginal people Although officially characterized as benevolent these government policies often inflicted great trauma on indigenous families and ultimately served the settler nations larger goals of consolidating control over indigenous peoples and their lands White Mother to a Dark Race takes the study of indigenous education and acculturation in new directions in its examination of the key roles white women played in these policies of indigenous child removal Government officials missionaries and reformers justified the removal of indigenous children in particularly gendered ways by focusing on the supposed deficiencies of indigenous mothers the alleged barbarity of indigenous men and the lack of a patriarchal nuclear family Often they deemed white women the most appropriate agents to carry out these child removal policies Inspired by the maternalist movement of the era many white women were eager to serve as surrogate mothers to indigenous children and maneuvered to influence public policy affecting indigenous people Although some white women developed caring relationships with indigenous children and others became critical of government policies many became hopelessly ensnared in this insidious colonial policy

McCue, 2012-02-17 Click to enlarge You've read all the books but you still want to know what it is REALLY like in those first few months after having a baby Your wife daughter daughter-in-law sister friend is about to deliver and you want to know what you can do to help her If you are asking yourself these questions this book is for you Author Kathleen McCue surveyed mothers in her practice to find their answers to 20 questions including What is the most important advice you received before birth What was the most unexpected part of becoming a new mother What things did spouse family friends do that were helpful unhelpful and What would you do differently next time Sample survey comments included Boobs are like children and require structure and predictability Support and reassurance No gadget or book helped me more than people telling me that I was doing a good job and just needed to stick with it Make lists

before the baby comes for things you ll need grocery shopping pets grooming appointments vacuuming the house People will want to help you so have a clear idea of what you d like them to do Really really sleep whenever you can My in laws insisted on coming to visit for an entire week right when the baby was born While it was nice to have a hand around the house it was actually pretty stressful having visitors staying at my house during that time I wish they had come a couple of weeks later I wish my husband had complimented me on my pregnant body A certain unnamed relative loved to take off with my daughter even if she was crying and she would just say oh babies cry sometimes without givingher back to me This drove me crazy
