**Media Events** Daniel DAYAN, Elihu Katz, Daniel Dayan, 2009-06-30 Constituting a new television genre live broadcasts of historic events have become world rituals which according to Daniel Dayan and Elihu Katz have the potential for transforming societies even as they transfix viewers around the globe Analyzing such public spectacles as the Olympic games the wedding of Prince Charles and Lady Diana John F Kennedy's funeral the moon landing and Pope John II's visits to Poland they offer an ethnography of how media events are scripted negotiated performed celebrated shamanized and reviewed

**Communication in the Jewish Diaspora** Menahem Blondheim, Hananel Rosenberg, 2020-09-16 The Jewish diasporic experience stands out in its remarkable scope duration and cohesiveness Communication is the dynamic mechanism that negotiates the interplay of these factors hence this volume on Jewish Diasporic Communications The Jewish Diaspora is unique in another way too through most of their exilic experience Jews did not have a geographical center to which they could orient themselves The perspective guiding this volume is that the center of the Jewish Diaspora has been the communicative network linking its scattered communities in space and the media serving its continuity through historical time This Diasporic network has sustained a common flow of shared content between Jews and Jewish communities let alone the imagination of connectedness Thus Diaspora Jews as Jews and the People they comprise existed to invoke John Dewey in communication The studies in this volume spanning antiquity and modernity and crossing disciplinary boundaries provide together a broad ranging and in depth account of how a People can survive for millennia without a homeland but in communication

**The End of Television?** Elihu Katz, Paddy Scannell, 2009-09-17 Is television dead The classic television era of the 1950s and 1960s characterized by limited choices of programs broadcast on over the air channels to families as if they were seated around a hearth and to a nation as if gathered around a campfire has indeed ended That early stage of sharedness and scarcity gave way to the television of plenty when satellite and cable and competition reigned choice was suddenly expanded and every room in the home had its own television set And now television offers infinite choices where we can view what we like when we like where we like on a variety of screens telephones and Web sites Some researchers assert that television is not dead but has merely moved from a collectivist to an individualist phase Throughout the drastic evolution of this media thousands of studies have examined the short term effects of television such as the evaluation of persuasion campaigns Yet there is

scant research on the overreaching sociological impacts of television and its centrality to Western culture over the past 60 years This compelling volume of *The ANNALS* is the first collection of rigorous articles devoted to studying ways in which television has impacted our values ideologies institutions social structure and culture Focusing on classic television these leading experts in media studies delve into the effects on social institutions namely family and politics and its effects on values and everyday behavior These seminal articles lay the groundwork for innovative studies of the numerous ways that television has impacted democracy social integration nation and family trust and suspiciousness materialism and identity social and physical Students and researchers will find a wealth of inspiration for new research projects It is a must have resource for social scientists interested in media studies      [Toward the Visualization of History](#) Mark Howard

Evans,2014-07-15 South Africa came late to television when it finally arrived in the late 1970s the rest of the world had already begun to boycott the country because of apartheid While the ruling National Party feared the integrative effects of television they did not foresee how exclusion from globally unifying broadcasts would gradually erode their power South Africa was barred from participating in some of television s greatest global attractions including sporting events such as the Olympics and contests such as Miss World With the release of Nelson Mandela from prison came a proliferation of large scale live broadcasts as the country was permitted to return to international competition and its re admittance was played out on television screens across the world These events were pivotal in shaping and consolidating the country s emerging post apartheid national identity **Broadcasting the End of Apartheid** assesses the socio political effects of live broadcasting on South Africa s transition to democracy Martha Evans argues that just as print media had a powerful influence on the development of Afrikaner nationalism so the liveness of television helped to consolidate the post apartheid South African national identity      **The Cambridge History of the Gothic: Volume 3, Gothic in the Twentieth and Twenty-First Centuries** Catherine Spooner,Dale Townshend,2021-08-19
