Megameaning: Book Two: God and the Science of Spirit William J. Berndt, 2014-07-08 We go through our lives day to day growing older with each passing sunset and for most of us that's all it is passing through the commonplace world around us But occasionally and very rarely we unwittingly peer into a hole in space and time glimpsing dimensions through a tear in the fabric of the universe The following stories give us a brief look at people and places that have been thrust into such unimagined dimensions Retired NYPD officer and charter boat captain encounters a demonic vengeance torn from the very depths of the ocean or perhaps out of a hole in fabric of the universe Where is God What would he be like if he showed up today A degenerate gambler gets the answers on the Atlantic City boardwalk and it's nothing like he would ever imagine What if one had been given the power to stop time And how would the world be affected if that individual turned out to be despicable Find the answer when you peek through a tear in the fabric of the universe Crooked lawmen murder and decades old revenge in 1970 s Louisiana ripped through a tear in the fabric of the universe A Nazi SS killer squad in occupied France encounters an ancient horrific secret even more deadly than they ever could be Such things occur when the veil of the universe is torn ever so briefly This dramatized story is based on supposedly true events related to me by a resident of Shoreham Long Island NY It's a tale of obsessions and supernatural beings thousands of years old in our midst today From a tear in the fabric of the universe comes an implacable destiny that follows a modern submariner to an unwavering fate Does love transcend space and time Can it follow us to unimagined dimensions Find out the answers in this tale of supernatural passion in 1965 war torn Saigon When the universe erupts in catastrophe the only thing we may salvage is our basic instincts and perhaps it may be all we need to survive glimpses into such tears in the fabric of the universe **MegaMeaning** William J. Berndt, 2014-10-28 Modern science now stretches into the realm of the invisible Are scientists now unwittingly knocking on the doors of heaven How remarkable would it be if you could look at the behavior of spirit beings as described in the Bible and see the same types of behaviors in the subatomic particles of science The resemblance is uncanny and this is where the fun really begins Is it possible that this physical universe is merely an extension of the real world of God Is it possible that a mega plan exists that is a work of genius proportion Could the blueprint of eternal purpose be surrounding you every day God The Science of Spirit is volume two in MegaMeaning a series on the meaning of life **Divine Science And Healing** Malinda E. Cramer, 2014-01-14 A very full and comprehensive text book of Divine Science which is prefaced by the author's personal experience as a student of the Science and as a worker or demonstrator of its doctrines This is followed by twenty three lessons covering all the important divisions of the study The work has been revised and is now presented to the public in very complete form **Putting God Into Einstein's Equations** Marcia Pollock, 2012-04 Putting God Into Einstein's Equations Energy of the Soul is the direct outcome of an unusual and unique collaboration by soul mates Marcia and Jerry Pollock spanning the spiritual and physical worlds Marcia is deceased and her contributions come from the powerful

intelligent energy of her Divine soul which is without her physical body in the spirit world Jerry is alive with his Divine soul which is constrained within his physical body on planet Earth Communicating through thought energy telepathy or channeling the authors have written this exquisitely simply explained book in their humble attempt of gratitude to bring new knowledge to the understanding of God s Essence and our world The Creator Himself has endorsed our book TRUTH LOVE AND WISDOM LIE WITHIN THESE PAGES Putting God Into Einstein s Equations Energy of the Soul is a provocative book that will stay with you long after you finish reading it Have you ever wondered about how a psychic contacts a spirit or where God comes from The book answers questions about God the big bang Einstein s Relativity Equations and how they fit in with God s energy soul mates and love the spirit world of souls past lives telepathic thought energy communication channeling removing negative body soul energy intelligence of the soul independent and combined functions of the soul versus the human brain acquiring spirituality miracles resurrection and reincarnation the Devil good and evil science and spirituality Creation and Evolution and how a new soul that God will give us in the future Messianic Age at the End of Days will allow us to live for the eternity according to Einstein s Equations God is energy and so is our Divine soul Each of us receives a tiny piece of God s virtually infinite energy and the difference between our energy and that of God is simply the enormous difference in order of magnitude when comparing God s energy to ours The behavior of this energy mirrors the equations brilliantly originated and described by Albert Einstein with two exceptions the mass m referenced in Einstein s famous equation $E = mc^2$ is a special Mass M originating in God s energy particles and God s and our soul energy travels at one million times the speed of light c or 186 billion miles per second In fact this Mass is the source of the independent intelligence and sensory properties found in the soul of all human brains Putting God Into Einstein s Equations Energy of the Soul is a provocative and compelling book that weaves together empirical scientific observation academic research and theoretical and theological considerations bolstered by revelatory first hand testimony bearing witness to the existence of the Divine soul in both the physical and spirit worlds Contained in the pages of Putting God Into Einstein s Equations are moving personal reflections on the authors life experiences from the thrill of discovering one s true soul mate to both traumatic and joyous events like a descent into bipolar depression Divine miracles and the pain and loss associated with the death of a loved one Equally explored and discussed are practical first hand experiential techniques for hypnotic spiritual world regression and directing spiritual energy and using light to alleviate negative forces Above all else Putting God Into Einstein s Equations seeks to advance an awareness and comprehension of God drawing upon points of reference as diverse as Qigong and yoga to the word of rabbinical scholars The Two Natures in the Child of God Ethelbert William Bullinger, 2007-03-01 How does the dual nature of man both flesh and spirit challenge our adoration of God How can we understand this duality within ourselves in order to better celebrate our love for Him Here in this concise 1905 work one of the most respected Bible scholars of the 19th century takes this difficult question to hand and explores in profound inspiring depth how it can become

the grounds not for doubt but for reassurance the best proof we can ever have that we are God's handiwork and a new source of deep solace and joy British clergyman ETHELBERT WILLIAM BULLINGER 1837-1913 is author of numerous books including Commentary on Revelation Great Cloud of Witnesses and How to Enjoy the Bible **Scientific Proof That (God the Holy) Spirit Exists** Richard Simon Lee, 2008-10-15 In part A there are many fascinating ideas about Spiritual Energy The starting point is that Spiritual Energy is just like physical energy Its sevenfold nature in the Bible and other Holy Books occurs in trees fountains and cubes The Sevenfold Holy Spirit of God exactly occupies the extra seven dimensions of the Universe of the Large Hadron Collider at CERN Geneva investigating the latest string theories of science In the second part he gives his own very special translation of some chapters of the Holy Books fully interpreting them in a stimulating and personal way In the third part the vast advantages related to the cashless system are explained Mental illness is tackled head on and the author proposes a CCCCCC and an abolition of all money There is light relief at the end the author's collection of twenty two poems from the 20th Century before it all went wrong and he stopped writing poetry **"the Spirit of God in Science"** FranciscoX. Gonzalez Garza, 2003 Divine Science Fannie B James, Malinda E Cramer, 2020-05-08 Compiled from Truth and Health by Fannie B James and Divine Science and Healing by Malinda E Cramer The Church of Divine Science is a religious movement within the wider New Thought movement The group was formalized in San Francisco in the 1880s under Malinda Cramer Divine Science defines itself as an organized teaching pertaining to God and the manifestation of God in Creation It holds that its foundation truth is that limitless Being God is Good is equally present everywhere and is the All of everything It defines God as pure Spirit absolute changeless eternal manifesting in and as all Creation yet also transcending Creation and that evil is therefore neither necessary nor permanent and has no reality within itself but has existence only so long as human beings support it by believing in it Like other New Thought churches Divine Science considers healing very important and emulates the work of Jesus Christ who in the New Testament cures many people The Denver Church's founder Nona Brooks stated The whole of Divine Science is the practice of the Presence of God Truth comes through the Bible Affirmative prayer contemplation and meditation and the practice of the presence of God here and now Print ed

Rudimental Divine Science Mary Baker Eddy, 1926 The Spirit Andrew Seth Pringle-Pattison, 1919 *God Is Real* Sanjay Patel, 2011-12 We are at the dawn of something spectacular cutting edge discoveries are rewriting the boundaries between modern science and ancient spirituality There is a clear convergence that demonstrates spiritual abilities and the divine are Real Ancient teachers and yogis millennia ago taught us the art of living in the present moment connecting with our higher selves feeling the interconnectedness of the whole universe bonding with all people and developing stillness and mindfulness to heal our body and spirit Today all these skills have proven beneficial to millions of people Moreover ancient philosophical parallels with modern discoveries in consciousness studies quantum non locality and inseparability have been known since the seventies Now after two decades of pioneering discoveries in science breathtaking and observable parallels

with our world and universe are also emerging This makes sense If the ancients genuinely experienced the philosophy they should also have known our world and universe too And here s the amazing evidence An extraordinary new porthole into their ancient beliefs has opened They are not generalized stretched or speculative They are specific and objective Anyone theist agnostic skeptic and atheist all can easily verify And you don t require a background in science to do so The findings are meticulous and many have appeared in mainstream peer reviewed scientific journals Also remarkable new studies reveal a possible ancient connection between Yoga and the Bible Genesis can be seen in a whole new light Patel demonstrates how it leads to a magnificent 100 percent solution to each of its Seven Days and Noah s Flood The harmonious findings resolve many major criticisms of spiritual beliefs They also nurture peace and mutual respect between science and the world s faiths These amazing discoveries are yet more evidence that there is a path to harmony A path to one Consciousness is universal Everything is intertwined The Divine is Real www.SanjayCPatel.com Reviews REALLY LIKED IT AUTHENTIC Prof P S Joshi Scientific writer for the prestigious THE SCIENTIFIC AMERICAN Journal Fields general relativity cosmology stellar evolution naked singularities black holes [Rudimental Divine Science](#) Mary Baker Eddy,2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *Understanding the Spirit of God* Ken Hancherick,2015-01-30 To understand God one must seek him in the Spirit God is not flesh and blood and not of this world therefore God must be separated from worldly things and comprehended in the Spirit When striving to understanding God in the spirit the questions of why how and when will be answered These questions and more are answered in the pages of this book Who is God Where is the Garden of Eden Where will the New Jerusalem be What and where is Babylon Where did Cain get his wife Why are we here Why does God allow evil What are the images and likenesses God gave to man What is Sin and how does one commit sin How long did God take to create Heaven and Earth Why is Adam the first man The writings in the book *Understanding the Spit of God* are not meant for an interpretation of a Bible the purpose is to acknowledge and understand the Spirit of God I would like offer my sincere thanks to my friend Roland B Selma for his help in putting this manuscript together [Rudimental Divine Science](#) Mary Baker Eddy,2018-10-16 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate

God and Science Linda Gauthier, 2020-10 There is a cosmic energy that is all creative in the universe We are using this energy everyday whether we know it or not Linda reveals the ways God and science use energy What was once seen as metaphysical is now being proven in laboratories on a subatomic level Most of us are operating on auto pilot and reacting to every circumstance that comes into our life We are miss using our energy to support our fears and limitations We keep repeating the same painful and destructive patterns Using positive thinking and affirmations isn't working We think we need more will power and we blame ourselves The reason that this isn't making lasting changes in our life is because we are using the wrong part of our mind What we discover is that it is our beliefs that are controlling our life Our beliefs are buried in our subconscious mind Until now we have been unaware of what was hidden there Using PSYCH K we can bring our traumas and limiting beliefs to light When we see what has been holding us back and making us sick we are able to replace those beliefs with new beliefs that create health wealth and joy When we harness this energy we can live in peace love and joy We can rise to our highest vibration We are all connected to and interdependent upon each other When you raise your vibration you raise the vibration of the world We are in a time when we can accelerate our human potential beyond anything we have ever imagined

Knowing the Unknown God Joshua Mazrin, 2020-11-25 Today's Church goers are earnestly seeking the Holy Spirit Pew sitters crave authenticity they are not satisfied with vague superficial analogies and explanations They desire to encounter God truly grow in real holiness and obtain the knowledge to understand and explain their faith Unfortunately the only books available for them on the rich topic of the Third Person of the Trinity are either strictly academic or primarily experiential based on the Charismatic renewal and even these books tend to lack a real explanation of who the Spirit is and how His gifts operate *Knowing the Unknown God* is a book for those seeking to know the Holy Spirit both in their hearts and in their minds The book begins by addressing the problem of the lack of intimacy with the Spirit in today's Church especially when compared to the Early Church It proposes that we are not only able to have a personal relationship with the Spirit but we ought to and it is necessarily transformative i.e. your life will not be the same The next two chapters build the foundation for our life in the Spirit by providing an accessible theology of the Spirit The theological overview places the understanding of the Spirit from the beginning of Creation to His indwelling within our souls and everything in between It addresses who the Spirit is in Himself who He is in the Trinity and who He is in the Church These chapters explain the Spirit of the Father and the Son who is also the Anointing with which we become children of God and what this looks like Although the theology does not stay on the surface it is not academically overburdening for those without much theological education The following five chapters of the book explore the Spirit's relationship to us in everyday terms They explore how the Spirit makes us Holy and the practicality of growing in discipleship of Christ in the Spirit even to the point of mysticism That's right mysticism Do you want to know how to become a mystic even within your busy schedule and

everyday life Well here s where you ll find out how After explaining the specific ways in which the Spirit leads each of us to holiness and growth in our spiritual lives the concluding two chapters incorporate this into the Spirit s relationship to Our Lady These chapters focus on the depth and reality of Mary s union with the Holy Spirit and its implications on our spiritual and active lives as Christians With the marrying of the devotion to the Holy Spirit and Marian devotion the reader is left empowered to go out beyond themselves to share this Good News filled with the Spirit through the intercession of His well beloved Spouse the Immaculata *Rudimental Divine Science* ,1919 *The Mind of God* P.
