Kawanakajima Samurai Power Struggle:

Kawanakajima 1553-64 Stephen Turnbull, 2013-01-20 A slim illustrated volume on a unique period of intense fighting in 16th century Japan Kawanakajima is unique in history In the space of 12 years between 1553 and 1564 this valley deep in the mountains of central Japan witnessed no fewer than five battles between two of Japan's greatest warlords Takeda Shingen and Uesugi Kenshin were both descended from great families and were highly skilled tacticians Both had taken the tonsure and risen to high rank in their respective Buddhist sects When Shingen attempted to seize control of Shinano province they were set on a collision course Stephen Turnbull chronicles the see saw struggle between two men who epitomize the warrior daimyo from Japan's Warring States period

Kawanakajima 1553-64 Stephen R. Turnbull, 2005 The Kawanakajima campaign is unique in Japanese history perhaps even in world history in that five battles were fought over the same battlefield by the same protagonists within the space of 12 years

The Gempei War 1180-85 Stephen Turnbull, 2016-07-28 Internationally renowned samurai expert Dr Stephen Turnbull delves into a pivotal era of Japanese history in this highly illustrated account of The Gempei War a conflict that defined the age and the ethos of the samurai Never before had there been a large scale clash between two rival samurai families the Taira and the Minamoto and never again would the result of a war in Japan be quite so dramatic Fought to gain control over the emperor it would end with imperial power being totally eclipsed in favour of the military might of the samurai class and the establishment of the position of Shogun Japan's military dictator Turnbull examines the events of the five year long conflict revealing the changes that the war inflicted on Japanese culture and the establishment of many of the traditions of the samurai

Bushidan Pauli Kidd, 2024-01-18 The later Sengoku period is the era of warfare depicted in classical Japanese movies such as The Seven Samurai Ran and Kagemusha a colourful period that has a very distinct difference in the arms equipment tactics and culture from that seen in Europe at the time It is a period that sees the dominance of firearms in warfare and the evolution of increasingly complex small unit tactical systems But there still remained a heroic ethos where leaders and the bearers of age old honoured names would still try to seek out worthy adversaries to battle blade to blade While massive armies did meet and clash such encounters were surprisingly rare The endemic warfare of the period was dominated by raids small battles incursions and the clash of clan warbands Small families battled one another for local regional dominance seeking the leverage to become major powers Meanwhile rearms and armour improved in an increasingly lethal arms race Bushidan allows players to control the forces of samurai families ikko ikki covenants pirates bandits and warrior monks or even forces engaged against the Japanese of the era such as the Ming Chinese and Joseon Koreans The game focuses on the small unit tactical systems that were developing to meet the demands of the new age of warfare Players must plan their tactical box of tricks with care and choose the ferocity style and cunning that their forces will bring to the battlefield The game includes a campaign system to allow players to pit their Bushidan against one another in longer conflicts This is a colourful period for
