## **Jomokenyatta University Short Courses Offered 2015:**

**Advancing Africa's Sustainable Development** Alain L. Fymat, 2018-11-14 While many African countries lag behind the rest of the industrialised world in scientific and medical research and development the situation is progressively improving This is why the Society for the Advancement of Science in Africa was established to contribute to economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa s fourth annual conference The conference was held under the overarching theme of science technology and innovation in Africa with several important sub themes including but not limited to improving health research and disease surveillance education collaborating in research responding to epidemic diseases with high mortality in Africa and promoting women s interest in science careers The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science technology and innovation in Africa

**Engineering Design and Mathematical Modelling** Nnamdi Nwulu, Mammo Muchie, 2020-12-17 Engineering Design and Mathematical Modelling Concepts and Applications consists of chapters that span the Engineering design and mathematical modelling domains Engineering design and mathematical modelling are key tools techniques in the Science Technology and Innovation spheres Whilst engineering design is concerned with the creation of functional innovative products and processes mathematical modelling seeks to utilize mathematical principles and concepts to describe and control real world phenomena Both of these can be useful tools for spurring and hastening progress in developing countries They are also areas where Africa needs to skill up in order to build a technological base The chapters in this book cover the relevant research trends in the fields of both engineering design and mathematical modelling This book was originally published as a special issue of the African Journal of Science Technology Innovation and Development

Discourses of Globalisation and Higher Education Reforms Joseph Zajda, W. James Jacob, 2022-03-15 This book examines some of the major higher education reforms and policy shifts globally particularly in the light of recent shifts in quality and standards driven education and policy research It critiques the neo liberal ideological imperatives of current higher education and policy reforms and illustrates the way that changes in the relationship between the state and higher education policy affect current trends in higher education reforms Using diverse comparative education paradigms from critical theory to historical comparative research the chapters focus on globalisation ideology and higher education reforms and examine both the reasons and outcomes of higher education reforms and policy change The book analyses and evaluates the policy shifts in methodological approaches to globalisation and higher education reforms and their impact on education policy and pedagogy The book contributes in a very scholarly way to a more holistic understanding of the nexus between globalisation comparative education research and higher education reforms
