THE MOT INSPECTION MANUAL

MOTOR BICYCLE AND SIDE CAR TESTING

Preface

The purpose of this Manual is to set out the testing procedures and standards for those who carry out the statutory test on motor bicycles, scooters, mopeds and motor bicycle combinations. Owners should also find the Manual useful as it details the inspections to which machines should be subjected and the reasons why a test certificate may be refused. This Manual was based on the regulations in force at the time of going to print, but changes in the law or in vehicle or equipment design may result in variations to the test requirements. General information regarding the responsibilities of those involved in testing and documentation are contained in the MOT Testing Guide.
