A Cognitive Psychology of Mass Communication
Fred W. Sanborn, Richard Jackson Harris, 2019-01-15
In a constantly changing media landscape *A Cognitive Psychology of Mass Communication* is the go to text for any course that examines mass communication from a psychological perspective
Now in its seventh edition the book continues its exploration of how our experiences with media affect the way we acquire and process knowledge about the world and how this knowledge influences our attitudes and behavior
Updates include end of chapter suggestions for further reading new research and examples for a more global perspective as well as an added emphasis on the power of social media in affecting our perceptions of reality and ourselves
While including real world examples the book also integrates psychology and communication theory along with reviews of the most up to date research
The text covers a diversity of media forms and issues ranging from commonly discussed topics such as politics sex and violence to lesser studied topics such as emotions and prosocial media
Readers will be challenged to become more sensitized and to think more deeply about their own media use as they explore research on behavior and media effects
Written in an engaging readable style the text is appropriate for graduate or undergraduate audiences
