*Good evening, Members of the Institute, MPA 9 students, Ladies and gentlemen,*

I am very pleased to be speaking to you today on behalf of the MPA Alumni. I hope that you feel as excited as I am to be part of this great moment. I'd like to draw your attention for a few minutes to share with you how important this day is to all of us.

I was asked by FHR to do a motivational speech and asked myself why, because I didn't graduate with a distinction, I had an overall score of 7.6; and saw my name only once on the grades cup (that's a cup where you get your name printed on, every time you score the highest grade for an exam), It is something to look forward to. To be honest, I only scored a high grade that time because the class really liked the professor. I could be restless in class, asked all kinds of questions and I liked to have fun.

Then I thought about the fact that I never had to do a resit for an exam, I was always driven and tried to study very hard (despite the fact that I didn't always keep to the "4 hours study a day" rule of Mr. LiMaPo). In my mind I went back to my graduation day, March 29<sup>th</sup> 2014, an exciting day that finally came. That day I fell, and hit my head badly around 3 o'clock in the afternoon. I was rushed to the emergency room with deep cuts and bruises on my forehead. We had to be at the institute at 5 O'clock for our graduation pictures (I'm not in any of them...)

I called Charissa, our program manager, and told her that I would still attend the ceremony in time to do the graduation speech. Yeah, I was the one who was scheduled to do the graduation speech and it **had to** be me in the emergency room. I left the emergency room at 6, hurried over to my house, applied make-up on only half of my face and rushed to FHR with 4 bandages on my head to

*How to Raise an Orator* Mykola Ovcharov, 2025-07-10 *How to Raise an Orator* is Mykola Ovcharov's comprehensive guide dedicated to the systematic development of oratorical abilities in children and adolescents. In today's interconnected world where effective communication determines success across all spheres of life, the ability to express thoughts clearly, argue persuasively, and speak confidently before an audience has evolved from a mere advantage to an essential life skill. This educational guide presents a unique research-based approach to developing oratorical excellence grounded in the author's extensive teaching experience and contemporary communication theory. The methodology rests on the principle that oratorical skills should be cultivated from childhood, which is the critical period when fundamental communication patterns are established and before psychological barriers to public speaking take root. The guide is systematically organized for practical implementation. Beginning with comprehensive coverage of the author's pedagogical philosophy and methodology, the book progresses through 21 detailed instructional sessions. Each session addresses specific aspects of oratorical development from foundational breathing and voice control techniques to advanced argumentation strategies, debate facilitation, and motivational speech construction. *How to Raise an Orator* serves as an invaluable resource for educators seeking to integrate innovative communication methodologies into their curricula and for parents committed to developing their children's communicative competencies for future success. This publication transcends traditional oratorical instruction, functioning as a comprehensive manual for nurturing confident, articulate individuals capable of effective communication across professional and social contexts.

*Effective English Grammar and Communication Techniques* Shama Lohumi, 2011-06-23 *English for Nurses* provides a perfect solution to the needs of nursing undergraduates. Based on the INC syllabi, it is an indispensable resource for B.Sc. Nursing students. Students of M.Sc. Nursing and those going for NCLEX, TOEFL, and IELTS will also find it tremendously useful. The book has been written keeping in mind the requirements of the modern Indian nurses to converse well in English. As they serve in different national and international locations, English is their only window to the outside world. This book provides comprehensive study material and practice exercises on English language the way it is used in day-to-day conversations in hospital environment. Comprehensive, exhaustive, and well-structured coverage. Lucid presentation with easy language for ease of comprehension. Ample number of examples, tables, and other learning aids. All the essential elements of communication in modern-day nursing practice like nursing reports, records, etc. discussed, analysed, and exemplified. Examples from real-life health-care communications provided. Exhaustive end-of-chapter exercises. Solutions for all objective-type exercises given.
