## Italjet Workshop Manual:

**A-Z of Italian Motorcycle Manufacturers** Greg Pullen, 2018-10-23 Italian motorcycles have a place in history and many enthusiasts' hearts out of all proportion to the numbers that have been built. If the number of motorcycles built by Italian manufacturers is small, the sheer number of Italian motorcycle factories will surprise readers. **A-Z of Italian Motorcycle Manufacturers** is the most complete directory of Italian motorcycles available today. In addition to covering the most famous Italian factories, this is a definitive guide to the marques that have had little or no coverage. Some might be familiar while others are remembered for their racing achievements and many will never have been heard of by most readers. This new book includes entries for every marque where it was possible to establish when and where the factories were active, details of the most important motorcycles each manufacturer built and the marques' greatest achievements, the history of the once great factories and finally an appendix lists the other less well-known manufacturers.
