Mugabe Robert Gabriel:

Robert Gabriel Mugabe, Prime Minister of Zimbabwe Robert Gabriel Mugabe, 1983 **90**, 2014 **Re/membering Robert Gabriel Mugabe** Collen Sabao, Richard Runyararo Mahomva, Lawrence Mhandara, 2021 **The Overthrow of Robert Mugabe** Blessing-Miles Tendi, 2025-01-21 The Overthrow of Robert Mugabe Gender Coups and Diplomats argues the 2017 coup that ousted long time Zimbabwean president Robert Gabriel Mugabe and the generality of coups cannot be accurately and rigorously understood without examining the crucial role of gender and women's politics in military seizures of power Tendi's book shows that gender and women's politics pervade military coup causes dynamics justifications and international responses to coups Contrary to influential representations of Zimbabwe's 2017 coup and other recent coups as markedly different from past coups Tendi draws on long gendered histories of military coups in Africa to argue that there are significant continuities in coup characteristics across time Additionally Tendi's highly original study of Zimbabwe's 2017 coup identifies the motives dynamics and trigger of the coup Despite the existence of an international anti coup norm and democracy promotion in Africa by Western states Zimbabwean coup makers direct intervention in politics was largely not publicly condemned or penalized by Western and African diplomats Tendi uses original interviews with diplomats and politicians involved in external responses to the coup to address this important puzzle **Asante Sana** Richard Mandizha, 2018-02-15 This book was written in honour of His Excellency The Former President of The Republic of Zimbabwe Cde Robert Gabriel Mugabe It takes stock of his achievements right from the pre Independence era his resignation to present day Zimbabwe It presents fine details of his legacy Things such as the vast Land Reform Program which he was able to conduct during the last two decades the Indigenisation program the emancipation of women in the country the championing of Human rights and Democracy the Quality Education that Zimbabweans were able to receive over the years the Unity Peace and Development happening everywhere in Zimbabwe our foreign and external relations his fight against colonial and neo colonial powers and the way he preserved the values of the African people in the country and beyond amongst other issues Not only is it a book about Zimbabwe's long winding history and the exploits of a great leader it is also a book about the future The book was uniquely crafted to create a sense of loyalty dedication and commitment in the readers taking notes from the man who has seen it all the man who did his best for a nation and the rest of the once colonised people of this world This is none other than His Excellency President Robert Mugabe **The End of an Era? Robert Mugabe and a Conflicting Legacy** Mawere Munyaradzi, Ngonidzashe Marongwe, 2018-09-17 Arguably one of the most polarising figures in modern times has been Robert Gabriel Mugabe the former President of the Republic of Zimbabwe The mere mentioning of his name raises a lot of debate and often times vicious if not irreconcilable differences both in Zimbabwe and beyond In an article titled Lessons of Zimbabwe Mahmood Mamdani succinctly captures the polarity thus It is hard to think of a figure more reviled in the West than Robert Mugabe and his land reform measures however harsh have won him considerable

popularity not just in Zimbabwe but throughout southern Africa This together with his recent stylised ouster speaks volumes to his conflicted legacy The divided opinion on Mugabe's legacy can broadly be represented first by those who consider him as a champion of African liberation a Pan Africanist an unmatched revolutionary and an avid anti imperialist who literally spoke the truth to Western imperialists On the other end of the spectrum are those who seemingly paying scant regard to the predicament of millions of black Zimbabweans brutally dispossessed of their land and human dignity since the Rhodesian days have differentially characterised Mugabe as a rabid black fascist an anti white racist an oppressor and a dictator Drawing on all these opinions and characterisations the chapters ensconced in this volume critically reflect on the personality leadership style and contributions of Robert Mugabe during his time in office from 1980 to November 2017 The volume is timely in view of the current contested transition in Zimbabwe and with regard to the ongoing consultations on the Land Question in neighbouring South Africa It is a handy and richly documented text for students and practitioners in political science African studies economics policy studies development studies and global studies **From African Peer**

Review Mechanisms to African Queer Review Mechanisms? Nhemachena, Artwell, Warikandwa, Tapiwa Victor, 2019-04-22 Tracing recent bouts of globalised Mugabephobia to Robert Mugabe's refusal to be neoimperially penetrated this book juxtaposes economic liberalisation with the mounting liberalisation of African orifices Reading land repossession and economic structural adjustment programmes together with what they call neoimperial structural adjustment of African orifices the authors argue that there has been liberalisation of African orifices in a context where Africans are ironically prevented from repossessing their material resources Juxtaposing recent bouts of Mugabephobia with discourses on homophobia the book asks why empire prefers liberalising African orifices rather than attending to African demands for restitution restoration and reparations Noting that empire opposes African sovereignty autonomy and centralisation of power while paradoxically promoting transnational corporations centralisation of power over African economies the book challenges contemporary discourses about shared sovereignty distributed governance heterarchy heteronomy and ontology Arguing that colonialists similarly denied Africans of their human essence the tome problematises queer sexualities homosexuality ecosexuality cybersexuality and humanoid robotic sexuality all of which complicate supposedly fundamental distinctions between human beings and animals and machines Provocatively questioning queer sexuality and liberalised orifices that serve to divert African attention from the more serious unfinished business of repossessing material resources the book insightfully compares Robert Gabriel Mugabe Thomas Sankara and Julius Kambarage Nyerere who emphasised the imperatives of African autonomy ownership control and sovereignty over natural resources Observing Africans interest in repossessing ownership and control over their resources the book wonders why so much queer international attention is focused on foisting queer sexuality while downplaying more burning issues of resource repossession human dignity equality and equity craved by Africans for whom life is not confined to sexuality With insights for

scholars in sociology development studies law politics African studies anthropology transformation decolonisation and decoloniality the book argues that liberal democracy is a facade in a world that is actually ruled through criminocracy
