Mulatto A Play Of The Deep South 1930 By Langston Hughes:

The Collected Works of Langston Hughes Langston Hughes, Dolan Hubbard, 2001 The sixteen volumes are published with the goal that Hughes pursued throughout his lifetime making his books available to the people Each volume will include a biographical and literary chronology by Arnold Rampersad as well as an introduction by a Hughes scholar lume introductions will provide contextual and historical information on the particular work

The Collected Works of Langston Hughes: The plays to 1942: Mulatto to The sun do move Langston Hughes, 2001 *Male black identity in selected works by Langston Hughes* Sarah Wienand, 2014-03-24 Bachelor Thesis from the year 2013 in the subject English Language and Literature Studies Literature grade 2.0 University of Wuppertal language English abstract Throughout many years African Americans have been struggling in defining and constructing their identity especially male African Americans had problems to build up self esteem and to reassure their cultural masculinity which was undermined by white men Not only does history confirm this struggle but so does literature In literature many different aspects about male black identity and their struggle for identity can be found However one of the most important authors in this context is Langston Hughes In his works he focuses on the urban life of African Americans and the problems they had to face because of oppression and racism evoked by white Americans Furthermore Hughes wanted to record and interpret the lives of the common black folk their thoughts and habits and dreams their struggle for political freedom and economic well being

Jemie 1 By doing so in his writings he took this struggle for and negotiation of racial identity to another level in developing a unique form of expression In this thesis I will concentrate on three major works by Langston Hughes *Mulatto* *A Tragedy of the Deep South* *Simple* speaks his mind and Not without laughter All three texts display emotional conflicts and the struggle for identity of African American men with simplicity and depth Tidwell 3 Furthermore all three protagonists have a rather low status in society which contributes according to Langston Hughes to their authenticity since they are the ones who represent the African American and thus their pursuit of identity cf Tidwell 3 Moreover I am going to begin with a general overview of the male black identity and the struggle for an African American male perspective in a culture which is dominated by white American men Afterwards I will transfer this concept of male black identity to the three selected works by Langston Hughes and analyse in how far these texts engage in constructing their main characters in similar terms The next significant aspect will be concerned with the question in how far education is perceived as a part of this male black identity and in how far it supports the development of an African American male identity When having discussed the influence of education in the protagonists male black identity development I am going to turn to the topic of identity crisis

Black Broadway Stewart F. Lane, 2017-07-19 The African American actors and actresses whose names have shone brightly on Broadway marquees earned their place in history not only through hard work perseverance and talent but also because of the legacy left by those who came before them Like the doors of many professions those of the theater world were shut to minorities for decades

While the Civil War may have freed the slaves it was not until the Civil Rights Movement of the 1960s that the playing field began to level In this remarkable book theater producer and historian Stewart F Lane uses words and pictures to capture this tumultuous century and to highlight the rocky road that black actors have travelled to reach recognition on the Great White Way After the Civil War the popularity of the minstrel shows grew by leaps and bounds throughout the country African Americans were portrayed by whites who would entertain audiences in black face While the depiction of blacks was highly demeaning it opened the door to African American performers and by the late 1800s a number of them were playing to full houses By the 1920s the Jazz Age was in full swing allowing black musicians and composers to reach wider audiences And in the thirties musicals such as George Gershwin s Porgy and Bess and Eubie Blake s Swing It opened the door a little wider As the years passed black performers continued to gain ground In the 1940s Broadway productions of Cabin in the Sky Carmen Jones and St Louis Woman enabled African Americans to demonstrate a fuller range of talents and Paul Robeson reached national prominence in his awarding winning portrayal of Othello By the 1950s and 60s more black actors including Ruby Dee Ossie Davis and Sidney Poitier had found their voices on stage and black playwrights and directors had begun to make their marks Black Broadway provides an entertaining poignant history of a Broadway of which few are aware By focusing a spotlight on both performers long forgotten and on those whom we still hold dear this unique book offers a story well worth telling
