Call of the Mild Lily Raff McCaulou,2025-05-01 From an outsider perspective learning about a sometimes misunderstood cultural pastime a beautifully written and contrarian narrative about what it means to hunt in America today When Lily Raff McCaulou traded in an indie film production career in New York for a reporting job in central Oregon she never imagined that she d find herself picking up a gun and learning to hunt She d been raised as a gun fearing environmentalist and an animal lover and though a meat eater she d always abided by the principle that harming animals is wrong But Raff McCaulou s perspective shifted when she began spending weekends fly fishing and weekdays interviewing hunters for her articles realizing that many of them were more thoughtful about animals and the environment than she was So she embarked upon the project of learning to hunt from square one From attending a Hunter Safety course designed for children to field dressing an elk and serving it for dinner she explores the sport of hunting and all it entails and tackles the big questions surrounding one of the most misunderstood American practices and pastimes Not just a personal memoir this book also explores the role of the hunter in the twenty first century the tension at times artificial between hunters and environmentalists and new models of sustainable and ethical food procurement

Test Validity in

Justice and Safety Training Contexts Kevin I. Minor,2005 The intention of this book is to provide training officials working in law enforcement courts adult corrections juvenile justice child and family welfare fire safety emergency medical care and related agencies with valid mechanisms for assessing the degree to which trainees actually acquire the knowledge and skills required to effectively perform duties that can be complex and challenging in order to determine which trainees will and will not be formally credentialed to perform work This book addresses the current void in the literature on the topic and to encourage increased attention to the question of whether tools being used to assess knowledge and skills acquired from training conform to scientifically established standards of validity The meticulous efforts of the authors have produced a solid basis for application through comprehensible and concrete theoretical principles The aim of the book is to show how to perform validation of training assessment instruments by actually doing so and by addressing the central issues that warrant consideration in the process The book begins with background information that is important to the authors research on the validity of tests used in policed training After providing the background in the first three chapters the following four chapters

describe and present the findings of their validation study of police academy testing The last chapter draws conclusions about the validity and reliability of the instruments that were studied and by examining the implications of their research for future efforts to validate tests in justice and safety training contexts The book also contains appendices that present data to support the conclusions and also include methods and instruments developed during the authors research Outdoor Oklahoma ,1970 **Paramedic Practice Today: Above and Beyond: Volume 1** Aehlert,Robert Vroman,2011 Providing the tools you need to succeed the two volume set of Paramedic Practice Today Above and Beyond offers a solid foundation for paramedic practice and is now updated to reflect the 2010 emergency cardiovascular care guidelines A conversational easy to read style simplifies topics and helps you master National Standard Curriculum objectives and meet the new National Education Standards Each volume includes a companion DVD ROM with step by step videos demonstrating the skills in the textbook and more Because this two volume set corresponds to the National Registry of EMTs National EMS Practice Analysis it provides you with the best possible preparation for the National Registry exam Publisher s website *Books and Pamphlets, Including Serials and Contributions to Periodicals* Library of Congress. Copyright Office,1976-07 **Reviving Artemis** Deborah Lee Luskin,2025-11-04 FINDING A PLACE IN THE NATURAL WORLD AS A HUNTRESS After thirty years cultivating fruits and vegetables raising children and teaching literature Deborah Lee Luskin stepped out of her garden and into the forest At sixty it was time to age fiercely overcome her suburban fear of getting lost in the woods and her urban reliance on street signs to know where she was She wanted to forge her own path through the forest by following the deer A dedicated locavore Luskin didn t want just to read the landscape she also wanted to eat it Luskin overcame her ambivalence about guns as she gained a deeper understanding of the hunter s role in the ecosystem of the northern forest Her literary acumen helped her read the landscape and as thoughtfully as she hunts for words to hunt for deer With the stories of Artemis goddess of the hunt childbirth and wild nature to inspire her Deborah became a deer hunter Reviving Artemis is her story of finding her place in the natural world *Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ...
