Boyd C. Paulson, 1995 Through the material readers are given the ability to analyze systematically a potential area of need
such as a function in a department to determine whether a computer application might help to assess the costs and benefits
of alternative proposals and to proceed from that analysis to a clear specification for what the proposed solution should
accomplish There is also coverage of how computer professionals evaluate hardware and design the software and systems
that will implement a given application Furthermore readers will learn how to manage the people resources time and money
required in the development process for creating a given application program or for adapting a package application to the
needs specified in the design NCERT Accountancy Class 11 Bihar Board Dr. S. K. Singh, Shailesh Chauhan, 2024-05-20
