Literary Journalism Ideas

Marshall Krantz

Literary Journalism Ideas:

Literary Journalism Norman Sims, Mark Kramer, 1995-05-23 Some of the best and most original prose in America today is being written by literary journalists. Memoirs and personal essays, profiles, science and nature reportage, travel writing: literary journalists are working in all of these forms with artful styles and fresh approaches. In *Literary Journalism*, editors Norman Sims and Mark Kramer have collected the finest examples of literary journalism from both the masters of the genre who have been working for decades and the new voices freshly arrived on the national scene. The fifteen essays gathered here include John McPhee's account of the battle between army engineers and the lower Mississippi River; Susan Orlean's brilliant portrait of the private imaginative world of a ten-year-old boy; Tracy Kidder's moving description of life in a nursing home; Ted Conover's wild journey in an African truck convoy while investigating the spread of AIDS; Richard Preston's bright piece about two shy Russian mathematicians who live in Manhattan and search for order in a random universe; Joseph Mitchell's classic essay on the rivermen of Edgewater, New Jersey. And nine more fascinating pieces of the nation's best new writing. In the last decade, this unique form of writing has grown exuberantly, and now in *Literary Journalism* we celebrate fifteen of our most dazzling writers as they work with great vitality and astonishing variety.

The Routledge Handbook of Magazine Research David Abrahamson, Marcia R. Prior-Miller, 2015-06-05 Scholarly engagement with the magazine form has in the last two decades produced a substantial amount of valuable research. Authored by leading academic authorities in the study of magazines, the chapters in *The Routledge Handbook of Magazine Research* not only create an architecture to organize and archive the developing field of magazine research but also suggest new avenues of future investigation. Each of 33 chapters surveys the last 20 years of scholarship in its subject area, identifying the major research themes, theoretical developments, and interpretive breakthroughs. Exploration of the digital challenges and opportunities which currently face the magazine world are woven throughout, offering readers a deeper understanding of the magazine form as well as of the sociocultural realities it both mirrors and influences. The book includes six sections: Methodologies and structures presents theories and models for magazine research in an evolving global context; Magazine publishing: the people and the work introduces the roles and practices of those involved in the editorial and business sides of magazine publishing; Magazines as textual communication surveys the field of contemporary magazines across a range of theoretical perspectives; subjects, genre, and format questions; Magazines as visual communication explores cover design, photography, illustrations, and interactivity; Pedagogical and curricular perspectives offers insights on undergraduate and graduate teaching topics in magazine research; The future of the magazine form speculates on the changing nature of magazine research via its environmental effects, audience, and transforming platforms.

Revolutions in Communication Bill Kovarik, 2025-09-18 This new and expanded edition of *Revolutions in Communication*, the 3rd edition, explores printing, imaging, electronic, and digital media history within a framework of technological change and social impacts. Using key figures in history to benchmark the chronology of

technical innovation Kovarik's scholarship narrates the story of revolutions in printing electronic communication and digital information while drawing parallels between the past and present This edition builds on the success of the previous two editions as a leading media history textbook The 3rd edition includes Digital media technology impacts and expectations that have changed since 2015 Updated and additional information that has become recently available including declassified histories of super computers the US news media's record on civil rights Gutenberg's printing experiments in the 1440s the role of the 1796 invention of lithography and improving the printing and culture of music A sharper international focus and effort to avoid the impression that Europe is more or less at the center of mass media history American Exceptionalism, the French Exception, and Digital Media Law Lyombe S. Eko, 2013-07-10 This volume explores the sameness and difference between the United States and France in the matters of freedom of expression on the Internet The United States and France are liberal democracies that are part of the Western family of nations However despite their many similarities they have a number of cultural and ideological differences The United States is generally France's ally in time of war and its cultural nemesis in time of peace One of the reasons for this unusual relationship is that the United States and France are self-described exceptional countries The United States and France are therefore two Western countries separated by different exceptionalist logics Lyombe Eko uses this concept of exceptionalism as a theoretical framework for the analysis of American and French resolution of problems of human rights and freedom of expression in the traditional media and on the Internet This book therefore analyzes how each country applies rules and regulations designed to manage a number of issues of media communication in real space to the realities and specificities of cyberspace within the framework of their respective exceptionalist logics The fundamental question addressed concerns what happens when rules and regulations designed to regulate the media in clearly defined national and regional geographic spaces are suddenly confronted with the new realities and multi communication platforms of the interconnected virtual sphere of cyberspace **History of the Mass Media in the United States** Margaret A. Blanchard, 2013-12-19 The influence of the mass media on American history has been overwhelming History of the Mass Media in the United States examines the ways in which the media both affects and is affected by U S society From 1690 when the first American newspaper was founded to 1995 this encyclopedia covers more than 300 years of mass media history History of Mass Media in the United States contains more than 475 alphabetically arranged entries covering subjects ranging from key areas of newspaper history to broader topics such as media coverage of wars major conflicts over press freedom court cases and legislation and the concerns and representation of ethnic and special interest groups The editor and the 200 scholarly contributors to this work have taken particular care to examine the technological legal legislative economic and political developments that have affected the American media *True Stories* Norman Sims, Medill School of Journalism, 2007 Journalism in the twentieth century was marked by the rise of literary journalism Sims traces more than a century of its history examining the cultural connections competing journalistic schools

of thought and innovative writers that have given literary journalism its power. Seminal examples of the genre provide ample context and background for the study of this style of journalism. America's Advancement Charles Edwards Lester, 1876

Ideas & Research Marshall Krantz, 1996 Helps you seize a scrap of fact pull the rest into the light and turn the whole article into the kind of article an editor shows everyone in the office. **Library of the World's Best Literature, Ancient and Modern: General index** Charles Dudley Warner, 1899 **Spheres of Awareness** James Lough, Patricia

Herron, 2009-09-29 Spheres of Awareness Wilberian Integral Approaches to Literature Philosophy Psychology and Art moves toward building a new and more comprehensive theory of literature philosophy psychology and art. The extremely popular work of Ken Wilber unites the best of both western and eastern thought and affirms that the stages of consciousness more refined than that of the reasoning mind do exist. These stages culminate in awareness of Spirit or what Buddhism has called Emptiness. Spheres of Awareness shows us how applying Wilber's theoretical templates can broaden and deepen our

approaches to literature philosophy psychology and art. **The Spectator**, 1920 A weekly review of politics literature theology and art. Ideas and Places Cyril Connolly, 1953

Library of the World's Best Literature, Ancient and Modern Charles Dudley Warner, Hamilton Wright Mabie, Lucia Isabella Gilbert Runkle, George H. Warner, George Henry Warner, 1902 **Library of the World's Best Literature** Charles Dudley Warner, 1899 *Contemporary Creative*

Nonfiction B. Minh Nguyen, Porter Shreve, 2005 Featuring some of the most esteemed writers of our time this new anthology brings together 60 diverse works of contemporary creative nonfiction. Including memoirs personal essays literary journalism and essays on craft this collection brings unique insight to the I and Eye of contemporary creative nonfiction. With noted authors like Annie Dillard Scott Russell Sanders Alice Walker Tom Wolfe David Sedaris Margaret Atwood and Saul Bellow this text offers excellent models of this emerging field. T.P.'s and Cassell's Weekly, 1925 **The Power of Podcasting**

Siobhán McHugh, 2022-10-11 Now two decades old podcasting is an exuberant medium where new voices can be found every day. As a powerful communications tool that is largely unregulated and unusually accessible this influential medium is attracting scholarly scrutiny across a range of fields from media and communications to history criminology and gender studies. Hailed for intimacy and authenticity in an age of mistrust and disinformation podcasts have developed fresh models for storytelling entertainment and the casual imparting of knowledge. Podcast hosts have forged strong parasocial relationships that attract advertisers brands and major platforms but can also be leveraged for community niche and public interest purposes. In *The Power of Podcasting* award winning narrative podcast producer and leading international audio scholar Siobhán McHugh dissects the aesthetics and appeal of podcasts and reveals the remarkable power of the audio medium to build empathy and connection via voice and sound. Drawing on internationally acclaimed podcasts she helped produce *The Greatest Menace* *The Last Voyage of the Pong Su* *Phoebe's Fall* she blends practical insights into making complex narrative podcasts and chatcasts or conversational shows with critical analysis of the art and history of audio.

storytelling She also surveys the emerging canon of podcast formats Grounded in concepts from the affective power of voice to the choreography of sound and packed with case studies and insider tips from McHugh s decades of experience this richly storied book immerses readers in the enthralling possibilities of the world of sound **Library of the World's Best**

Literature: Index guide. Prepared by Edward C. Towne ,1899 *Library of the World's Best Literature: Guide to systematic reading* Charles Dudley Warner,1902 **Index-guide to Library of the World's Best Literature, Ancient and Modern** Edward Cornelius Towne,1899
