7. Read the correct answers one time. Tell the students to mark any questions they have with a question mark both by the number in question and by the grade at the top of the paper.
8. Have the students figure the final grade for the paper they are checking by subtracting the total number of points missed from 100. For example, if each answer is worth 7 points and a student misses 2 questions, he would receive an 86 (14 points subtracted from 100).
9. Have the students return the graded paper to the owner. The students should check their own paper briefly, put a question mark by any questions they have, and then pass their paper to the front of the classroom.

After Class
