Economics physics chemistry and biology Mathematics etc Are you tired of reading already Looking for a short cut A summary It is very understandable Reading is stressful because you have a whole lot to read when questions would be picked only from certain unknown units You must read a full book only to expect 10 questions What if the examiner told you the exact portions you should perfect instead of brushing through everything Then reading wouldn't feel as stressful Since there are no such examiners around this book is a great alternative Examination malpractice is something you certainly do not want to engage in If you are lucky and do not fall prey to the fake answers desperate people send you over the internet for your hard earned money you would get caught in the act and forfeit your admission into the university If you are lucky still you will end up unable to defend your result during job interviews and hence join the crowd who have good certificates and are unemployed As a student you have to read and pass your exams yourself You have all it takes within you All you need is the right tool Jamb have announced that the recommended novel for the 2023 2024 literature in English examination is *The Life Changer* by Khadija Abubakar Jalli The book is in the market with less than 100 pages It would be given to you by Jamb during registration You could skim through it quite easily and pass your exams But sometimes you don't Examiners target areas you think aren't important and even though you've read the book thoroughly they still catch you unawares Some students are too smart albeit and others enjoy what some people call goodluck yet most others fall through the tricks every single year That is why it's so easy to make UTME and yet so easy to fail it Every literature student sitting for JAMB should expect some very elusive questions from this novel Jamb examiners are gracious at asking elusive questions And a fail for literature is a fail for Law for Mass Communication English Theater Arts Philosophy Psychology etc Poor you certainly do not want to disappoint your parents with a bad result But if you fail for the elusive exam trick Jamb examiners will set in 2023 and 2014 or get fake answers while indulging in malpractice you will fail your exam But that is why I wrote this book All you need is to equip yourself with the right tool You would pass literature excellently if you knew the right answer to every question they ask both from the literature text book and the recommended story book But what questions are they going to ask from the books Made very affordable since you are a student the 137 page length Exact Questions You Should Expect From Literature In English 2023 2024 is definitely a must read for anyone who wants to write and pass their literature in English examination with flying colors without reading to exhaustion and in futility or involving in any form of examination malpractice Eventually there's literally no question Jamb will ask you that's not already in this book
