Little Red Riding Hood--Reader's Theater Script & Fluency Lesson Dona Herweck Rice, 2014-03-01 This reader's theater script builds fluency through oral reading. The creative script captures students' interest so they will want to practice and perform. Included is a fluency lesson and approximate reading levels for the script roles. **Little Red Riding Hood** Ron Fink, John Heath, 1995 WHAT IT IS This and hilarious fun musical play helps you teach the standards while bringing your classroom to life. Easy to do play comes with script audio CD and teacher's guide. NO music or drama experience is required. You don't have to sing or play a note. Go big and perform on stage. Keep it simple with a classroom performance or simply do reader's theater in class. No fancy sets, costumes, or performance spaces are needed so it's all up to you. Flexible casting for 8-40 students and permission to edit the script and songs make it easy to tailor the play to the needs of your class and community. Your purchase of one copy per teacher includes permission to photocopy the script for students. WHAT IT TEACHES This fractured retelling of Little Red Riding Hood is a wonderfully silly way to mix up a classic. The Wolf needs some ketchup. Granny is a math whiz and Little Red learns how to do the Acorn Dance with an odd band of Squirrels. It makes an excellent language arts and common core tool. Students can compare it to other versions of the famous tale, discuss character motivations, and much more. 25 minutes. Grades 2-6. WHAT IT DOES Little Red Riding Hood is a great complement to your curriculum resources in language arts. And like all Bad Wolf Press plays, this show can be used to improve reading comprehension, vocabulary, performance, and speaking skills, class camaraderie, and teamwork, and school engagement and parental involvement, all while enabling students to be part of a truly fun and creative experience they will never forget.

Play: Psychoanalytic Perspectives, Survival and Human Development Emilia Perroni, 2013-08-15 Is play only a children's activity? How is the spontaneous play of adults expressed? What is the difference between play and game? What function does play have during war? Play: Psychoanalytic Perspectives, Survival and Human Development explores the importance of play in the life of the individual and in society. Most people associate psychoanalysis with hidden and negative instincts like sexuality and aggressiveness, very seldom with positive urges like the importance of love and empathy, and almost never with play. Play, which occupies a special place in our mental life, is not merely a children's activity. Both in children and adults, the lack of play or the incapacity to play almost always has a traumatic cause. This book also shows the crucial importance of play in relation to the survival in warfare and during traumatic times. In this book, Emilia Perroni argues that whether we regard play as a spontaneous creation or whether we see it as an enjoyable activity with defined rules, a game, that it is impossible to conceive human existence and civilization without it. The papers collected in this book are the results of the research offered on the subject of play by several Israeli therapists from different psychoanalytic schools: Freudian, Jungian, Kleinian, Winnicottian, and Self Psychology. Other contributions are from Israeli researchers and academics from various fields such as literature, music, art, theatre, and cinema, contemporary psychoanalysis, and other disciplines. Play

Psychoanalytic Perspectives Survival and Human Development offers new ways to think about and understand play as a search for meaning and as a way of becoming oneself This book will be of interest to psychoanalysts researchers therapists parents teachers and students who are interested in the application of psychoanalytic theory to their fields including students of cultural studies art music philosophy Emilia Perroni is a clinical psychologist supervisor at the School of Psychoanalytic Psychotherapy at the University of Tel Aviv and the Bar Ilan University She has a private practice in Jerusalem and in Tel Aviv She is a member of the Israeli Association of Psychoanalytic Psychotherapy the Israeli Association of Psychotherapy she is an Associated Member of the Israeli Institute of Jungian Psychology and Research Fellow at the Van Leer Institute in Jerusalem
