

Kardex Remstar Shuttle XP:

Eight reasons to choose the Kardex Remstar Shuttle XP

1

Benefit: Save floor space/utilise the height

The 25 mm incremental tray storage of all items thanks to Optiflex® technology reclaims up to 85% of otherwise wasted floor space.

2

Benefit: Reduced labour costs

Items are automatically delivered to the operator, eliminating wasted walk and search time. The optionally integrated pick-to-light system immediately identifies the item and quantity to be picked, increasing productivity.

3

Benefit: Ergonomics

No need for employees to bend, reach or climb for items. The Shuttle XP works on a "good-to-person" principle, delivering items automatically to an ergonomically positioned access opening. Trays can also be delivered to each user's specific working height.

4

Benefit: Security

Controlled access to specific trays, or tracking which user accessed which tray, is also achievable. The Shuttle XP is equipped with shutter doors for increased safety of operators and protection of the stored items. Noise levels are also considerably decreased.
