

Lion

The king of the jungle we all know
Is one who knows no fear;
His subjects hide or run away
Whenever he is near.

Lions are and always were
To us an inspiration
Because these splendid, savage beasts
Deserve their reputation
The lion and the lioness
As hunters reign supreme;
Together with their Pride,
They make A formidable team.
However wild and dangerous
It's almost certain that
The lion really is at heart
A great big pussy cat.

MacDonald P.

Jackson, 2016-05-11 Published anonymously in 1823 The Night Before Christmas has traditionally been attributed to Clement Clarke Moore 1779 1863 who included it in his Poems 1844 But descendants of Henry Livingston 1748 1828 claim that he read it to his children as his own creation long before Moore is alleged to have composed it This book evaluates the opposing arguments and for the first time uses the author attribution techniques of modern computational stylistics to settle the long standing dispute Both writers left substantial bodies of verse which have been computer analyzed for distinguishing characteristics Employing a range of tests and introducing a new one statistical analysis of phonemes this study identifies the true author and makes a significant contribution to the growing field of attribution studies Dramatic Works and Poems

Conversations with Michael McClure David Stephen Calonne, 2024-06-20 Conversations with Michael McClure features twenty interviews from 1969 to 2015 that chronicle the capacious scope of McClure's creativity. McClure (1932–2020) is notable not only for his considerable achievements as a poet and prose writer of the Beat Generation but also for the many collaborative connections he forged over seven decades. From the 1950s to his death, McClure worked with an astonishing range of important figures in the worlds of painting, filmmaking, music, and science. McClure counted among his friends and acquaintances Bruce Conner, Harold Pinter, Amiri Baraka, Richard Brautigan, Wallace Berman, George Herms, Lawrence Jordan, Dennis Hopper, Bob Dylan, Janis Joplin, Jim Morrison, Ray Manzarek, Sterling Bunnell, Francis Crick, Gary Snyder, Francesco Clemente, and Diane di Prima. During his early years in San Francisco, McClure attended Kenneth Rexroth's literary evenings and formed significant lifelong friendships. Among those friends were poets Philip Lamantia and Robert Duncan, who became a mentor to McClure. He also learned much from Charles Olson and adopted several features of Olson's concept of Projective Verse in his own work. McClure's exchange of letters with experimental filmmaker Stan Brakhage lasted for four decades. During his illustrious career, McClure published fourteen books of poetry, eight books of plays, and four collections of essays. *Conversations with Michael McClure* reveals the many contributions of this central personality in the evolution of the American counterculture.
