The End of Europe James Kirchick, 2017-01-01 The disintegration of Europe's post Cold War consensus in the face of anti-Semitism populist nationalism and territorial aggression

Narratives about Jews among Muslims in Norway Vibeke Moe Bjørnbekk, 2024-06-17 What is the nature of Muslim Jewish relations in Europe today Based on qualitative interview data this book explores narratives about Jews among Muslims in Norway Drawing on culturally embedded narratives as well as personal experiences interviewees reflect on the relationship between Jews and Muslims The interreligious exchange between Islam and Judaism is as old as Islam Today the Arab Israeli conflict has become an important frame of reference in the public discourse on Muslim Jewish relations The narratives presented in this book delineate shifting community boundaries and identifications that transcend dichotomised notions of Muslims versus Jews The analysis shows how Jewish history in Europe and the history of modern antisemitism serve as interpretative keys in the narratives used for explaining the situation of the Muslim minority today Furthermore the book demonstrates how interviewees' perceptions of society's attitudes toward Muslim and Jewish experiences also strongly influence their perceptions of Muslim Jewish relations

United by or Against Euroscepticism? An Assessment of Public Attitudes towards Europe in the Context of the Crisis Alina Bârgăoanu, Loredana Radu, Diego Varela, 2015-10-13 This book sheds light on the future of the European Union in a critical context marked by what appears to be a never ending crisis of leadership and legitimacy Will anti-European views and their corollary such as Euro populism Euro denial and Euro cynicisms along with all types of nationalisms crush or further consolidate the European project The volume offers detailed analyses of various dimensions of Euroscepticism in the context of the greatest economic crisis in the history of the EU Divided into four sections

the first brings together general theoretical and empirical perspectives on Euroscepticism building on existing studies The second section focuses on the effects of the current economic crisis on Eurosceptic attitudes while the third explores the marginal impact of Euroscepticism by analysing this phenomenon in countries that have recently joined the EU such as Romania and others in which membership is a debated issue and which may use the former's experience as a model such as Turkey or Ukraine Finally the concluding part discusses the consequences of Euroscepticism for the unity of Europe and the global role and relevance of the EU

Shell Shocked G r me Truc, 2018-02-09 What is it that leaves us shell shocked in the face of the massacres carried out in New York on 9 11 or in Paris on 13 November 2015 How are we to explain the intensity of the reaction to the attacks on Charlie Hebdo Answering these questions involves trying to understand what a society goes through when it is subjected to the ordeal of terrorist attacks And it impels us to try to explain why millions of people feel so concerned and shaken by them even when they do not have a direct connection with any of the victims In *Shell Shocked* sociologist G r me Truc sheds new light on these events returning to the ways in which ordinary individuals lived through and responded to the attacks of 9 11 of 11 March 2004 in Madrid and 7 July 2005 in London Analysing political language and media images demonstrations of solidarity and minutes of silence as well as the tens of thousands of messages addressed to the victims his investigation brings about the complexity of our feelings about the Islamists attacks It also uncovers the sources of the solidarity that in our individualistic societies ultimately finds expression in the first person singular rather than the first person plural I am Charlie I am Paris This timely and path breaking book will appeal to students and scholars in sociology and politics and to anyone interested in understanding the impact of terrorism in contemporary societies
