

LOS ANGELES CONCERTS

A large crowd of people is gathered at a night concert. In the background, the Los Angeles skyline is visible under a dark blue sky. The text "LOS ANGELES CONCERTS" is overlaid in large, white, sans-serif capital letters. The word "LOS" is on the top line, "ANGELES" is on the middle line, and "CONCERTS" is on the bottom line. The letters are slightly transparent, allowing the background image to show through. The crowd in the foreground is mostly dark, with some people holding up phones or cameras. The overall atmosphere is vibrant and festive.

Los Angeles Concerts Guide:

The Rough Guide to Los Angeles & Southern California Jeff Dickey, 2013-10-24 This definitive guidebook to Los Angeles and Southern California features hundreds of reviews of the city's restaurants, hotels, nightlife, shops and cinemas. Along with a thorough look at LA's top tourist areas from Hollywood and Beverly Hills to Santa Monica and Disneyland, the guide explores more obscure but no less deserving sights from Downtown's arts district to Santa Catalina Island. Additionally, the book covers the broader Southern California region including San Diego, Palm Springs and Santa Barbara. A full range of practical information for the visitor includes city transport and tours, costs and currency, while an in-depth contexts section details the region's colourful background from its landmark architecture to the rise of the Hollywood film industry. Finally, individual sections highlight the region's top sights as well as its beautiful beaches, and there are plenty of maps to help you plan your trip to this free-spirited American metropolis. Originally published in print in 2011, now available in ePub format.

The British Union Catalogue of Music Periodicals John Wagstaff, 2019-07-23 First published in 1998, the aim of this catalogue is to help students, researchers and librarians determine the UK locations of over 2,000 music periodical titles held in public, academic and national libraries. Over 220 libraries in the UK have been surveyed from St Austell to Aberdeen, Aberystwyth to Brighton. Each catalogue entry provides detailed information on library holdings and full bibliographic details of periodical titles, including ISSN numbers. The main catalogue is preceded by an address list and by a preface outlining the history of music periodicals in Britain, together with statistical tables.
