Loves Aim English Edition:

Whose Love of Which Country? Balázs Trencsényi, Márton Zászkaliczky, 2010 The volume stemming from the long term cooperation of scholars working on East Central European intellectual history discusses the patterns of patriotic and national identification in the light of the multiplicity of levels of ethnic cultural and political allegiances characterizing this region in the early modern period

The Fire of Love Richard Rolle, Aeterna Press, The four great English mystics of the fourteenth century Richard Rolle Walter Hilton Julian of Norwich and the anonymous author of *The Cloud of Unknowing* though in doctrine as in time they are closely related to one another yet exhibit in their surviving works strongly marked and deeply interesting diversities of temperament Rolle the romantic and impassioned hermit his great successor that nameless contemplative acute psychologist and humorous critic of manners who wrote *The Cloud of Unknowing* and its companion works Hilton the gentle and spiritual Canon of Throgmorton and Julian the exquisitely human yet profoundly meditative anchoress whose *Revelations of Divine Love* are perhaps the finest flower of English religious literature these form a singularly picturesque group in the history of European mysticism Aeterna Press

Love's Redeeming Work Geoffrey Rowell, Kenneth Stevenson, Rowan Williams, 2003 There is a rich vein of writing within Anglican tradition that has helped to form the theology and spirituality of the contemporary church For many readers much of this material remains unfamiliar and is often difficult to access *Love's Redeeming Work* draws together the works of major writers from the sixteenth century to the present day who have contributed to this development Each selected writer is introduced with a brief biography which gives background information about the author and highlights the relationships that existed with others from the same period This will enable the reader to set the writings in their proper context enhancing understanding of the material The selections then follow In some instances these may be familiar but other examples will introduce fresh ideas for every reader Each writer's selection is concluded with a list of source texts which can encourage readers to explore in more depth those areas which intrigue and excite them *Love's Redeeming Work* traces a path that has enabled Anglicanism in particular and the wider church as well to develop an ever deepening awareness of the need for a spiritual depth in the Christian life informed by a better knowledge of tradition In exploring this material it is the compilers hope that readers will find new riches that will encourage and sustain their own quest for holiness
