*Current Priorities in Health Research Agendas: Tensions Between Public and Commercial Interests in Prioritizing Biomedical, Social, and Environmental Aspects of Health* Matías Blaustein ,Marc-Andre Gagnon,Mercedes Garcia Carrillo,2024-05-09 Predominant health research agendas usually in line with existing financial incentives for obtaining lucrative research results tend to focus on therapeutic and pharmacological intervention prioritizing innovative therapies based on molecular biology and biotechnology approaches However commercial interests do not necessarily agree with existing public health priorities The prevalence of health and biomedical research agendas often neglect not only the less

lucrative diseases but also the study of the social and environmental determinants of health and disease even when addressing these aspects could significantly improve population health at much lower costs Some examples of absent studies in the health research agendas are the analysis of non medical factors influencing health outcomes social determinants of health the analysis of the relationship between people and their environment environmental health or the evaluation of the socio environmental factors that influence the deterioration of bodies and territories such as the One Health approach

*Emerging and Re-Emerging Organizational Features, Work Transitions and Occupational Risk Factors: The Good, the Bad, the Right. An Interdisciplinary Perspective* Giulio Arcangeli, Gabriele Giorgi, Nicola Mucci, Jean-Luc Bernaud, Annamaria Di Fabio, 2019-03-07 The labor market is evolving very rapidly in recent years in Europe and worldwide The fast and deep changes brought a brand new context of challenges and occupational risks to the attention of stakeholders The current global financial crisis has increased the economic pressures on companies and they in turn have intensified the effects on employees particularly in terms of new competition contexts and a lot of stress and mental health issues Concurrently social political and environmental problems generate under employment over qualification over education low wages for skilled workers and unmet demand for education Consequently both high skilled and low skilled immigrant workers are increasing In addition workplaces are continually changing in step with the introduction of new technologies materials and work processes together with the changes in the labor market the new forms of employment and the new work organizations These changes lead to new opportunities for employees and employers but also to new risks or re actualization of old organizational risks According to the EU OSHA the key points that describe the evolution that is currently ongoing in the world of work are globalization the technical innovation and the aging population On one hand some older potential risks are reappearing in organizations intensive fear and worries organizational anxiety boredom physical violence alienation segregation loneliness and isolation On the other hand re emerging perceived organizational features seem vital for organizations and more important today than ever Central constructs in the study of organizational behavior and organizational health such as perceived organizational support commitment in organizational context socialization processes change capacity of organizations perceived organizational justice ergonomics and motivation nowadays seem increasingly important and renewed Nursing Times, Nursing Mirror ,2009 **Midwifery** Helen Baston, 2020-08-18 Midwifery The Basics provides an engaging and authentic insight into the midwife s world It explores the role of the midwife as a clinician and professional showing how midwives can support women both to achieve a healthy full term pregnancy and a smooth transition to motherhood This book begins with a discussion of the context of birth and parenthood placing midwifery in its broader social context Topics covered include the midwife as an autonomous professional becoming a midwife pre conceptual and antenatal care intrapartum care postnatal care and the specialist midwife Midwifery The Basics uses the voices of mothers fathers and midwives to illustrate the complex world of becoming being and supporting parents This is an essential
