

The background of the cover is a photograph of a forest path. The path is paved with cobblestones and covered with fallen brown leaves. It leads straight into the distance, where a very bright, circular light source, possibly the sun or moon, is shining through the trees, creating a strong lens flare and illuminating the misty air. The trees on either side are tall and thin, with their branches and leaves forming a canopy overhead. The overall mood is serene and hopeful.

**One Leads the Church** Reginald W. Steele, 2025-11-14 When No One Leads the Church delves into the intricate social dynamics influencing Black Baptist congregations focusing particularly on the influence of family legacy groups By using the fictional Wayside Baptist Church as a case study the book investigates how survival strategies initially developed to navigate leadership changes and conflicts become ingrained in the church's culture These survival strategies while once crucial for maintaining stability often solidify into power structures that resist change impede growth and create friction between traditional governance and new practices To shed light on these dynamics the book draws a compelling comparison to Malcolm X's life contrasting his survival identity before his pilgrimage to Mecca with the transformative journey that altered his perspective and ethics This comparison offers a framework for understanding how deeply rooted congregational practices can either block or enable change Across seven chapters the book explores the origins of family legacy groups the influence of teaching and leadership the significance of rituals like Lent and pilgrimage and the potential for transformation within faith communities This book serves as both a critique and a guide It urges Black Baptist churches to distinguish between essential survival practices and distorted legacies while providing pathways for renewal justice and genuine congregational transformation
