Kiraly, Karin Maksymski, Silvia Hansen-Schirra, 2013 Study Guide for Beginning Spanish II. Harry T. Charly, 1960 *Translation and Rewriting in the Age of Post-Translation Studies* Edwin Gentzler, 2016-11-03 In *Translation and Rewriting in the Age of Post Translation Studies* Edwin Gentzler argues that rewritings of literary works have taken translation to a new level: literary texts no longer simply originate but rather circulate, moving internationally and intersemiotically into new media and forms. Drawing on traditional translations, post-translation rewritings, and other forms of creative adaptation, he examines the different translational cultures from which literary works emerge and the translational elements within them. In this revealing study, four concise chapters give detailed analyses of the following classic works and their rewritings: *A Midsummer Night's Dream* in Germany, Postcolonial *Faust*, Proust for Everyday Readers, *Hamlet* in China. With examples from a variety of genres, including music, film, ballet, comics, and video games, this book will be of special interest for all students and scholars of translation studies and contemporary literature. *Context and Text* Kevin W. Irwin, 2018-07-12 One of the most influential works in the debate over the concept and definitions of liturgical theology, *Context and Text* by Monsignor Kevin W. Irwin is now available in a completely rewritten new edition. In light of the historical theological and pastoral mandates of the Constitution on the Sacred Liturgy, *Context and Text* is both a proposal for and an example of an investigation of the Church's liturgical praxis from a liturgical theological perspective. This second edition, which includes an expanded introduction, covers new liturgical and ecclesial contexts resulting from newly promulgated liturgies, further research in method for liturgical studies, consideration for changes in the cultural contexts in which people celebrate the liturgy. Besides brand new chapters on time and sacramentality and additions to the chapter on the arts, this edition also considers the ongoing texts and contexts of the liturgy as always a new event in the life and ongoing discussion of liturgical theology within Christianity.
