Women need to affirm encourage and respect their husbands with their actions and words and sometimes it is with the lack of words that is most powerful if you catch my drift Respect can be shown both by what you say and often times by what you don't say Many times when I speak of this to women they launch into 20 questions What does respect mean What does it look like How do I show it What if he doesn't deserve it The list goes on and on While there is no one size fits all answer or no recipe or steps to follow understand that the whole concept of respect has more to do with you than it has to do with him I encourage all women to accept this respect challenge and find out if I'm right What do you have to lose except a whole lot of selfishness bitterness and unrealistic expectations On the other hand you have a great opportunity to gain greater understanding self confidence joy and a better relationship with God and your husband Go ahead I dare you You won't regret it
