Nino Rota Richard Dyer,2019-07-25 Nino Rota is one of the most important composers in the history of cinema Both popular and prolific he wrote some of the most cherished and memorable of all film music for The Godfather Parts I and II The Leopard the Zeffirelli Shakespeares nearly all of Fellini and for more than 140 popular Italian movies Yet his music does not quite work in the way that we have come to assume music in film works it does not seek to draw us in and identify nor to

overwhelm and excite us In itself in its pretty but reticent melodies its at once comic and touching rhythms and in its relation to what s on screen Rota s music is close and affectionate towards characters and events but still restrained not detached but ironically attached In this major new study of Rota s film career Richard Dyer gives a detailed account of Rota s aesthetic suggesting it offers a new approach to how we understand both film music and feeling and film more broadly He also provides a first full account in English of Rota s life and work linking it to notions of plagiarism and pastiche genre and convention irony and narrative Rota s practice is related to some of the major ways music is used in film including the motif musical reference underscoring and the difference between diegetic and non diegetic music revealing how Rota both conforms to and undermines standard conceptions In addition Dyer considers the issue of gay cultural production Rota s favourite genre comedy and his productive collaboration with the director Federico Fellini Speak softly love.
