A Cognitive Psychology of Mass Communication Fred W. Sanborn, Richard Jackson Harris, 2019-01-15
In a constantly changing media landscape *A Cognitive Psychology of Mass Communication* is the go-to text for any course that examines mass communication from a psychological perspective. Now in its seventh edition, the book continues its exploration of how our experiences with media affect the way we acquire and process knowledge about the world and how this knowledge influences our attitudes and behavior. Updates include end-of-chapter suggestions for further reading, new research, and examples for a more global perspective, as well as an added emphasis on the power of social media in affecting our perceptions of reality and ourselves. While including real-world examples, the book also integrates psychology and communication theory along with reviews of the most up-to-date research. The text covers a diversity of media forms and issues ranging from commonly discussed topics such as politics, sex, and violence to lesser-studied topics such as emotions and prosocial media. Readers will be challenged to become more sensitized and to think more deeply about their own media use as they explore research on behavior and media effects. Written in an engaging, readable style, the text is appropriate for graduate or undergraduate audiences. The accompanying companion website also includes resources for both instructors and students. For students: Chapter outlines and review questions, Useful links. For instructors: Guidelines for in-class discussions, Sample syllabus, Summaries. Please visit www.routledge.com/cw/sanborn.

Wallace's Farmer, 2015 *A Cognitive Psychology of Mass Communication* Fred Sanborn, 2022-09-13
The eighth edition of this text remains an indispensable resource for mass communication psychology and media effects courses. This book gives readers an in-depth understanding of how media affect our attitudes, thinking, and behavior. Continuing its academically rigorous yet student-friendly approach to this subject, the new edition has been thoroughly updated to reflect our current media landscape. Updates include new research and examples for an increasingly global perspective, an increased focus on social media, additional graphics, special end-of-chapter application sections, and an expansion in the list of references to reflect the latest research discussed. The book continues to emphasize the power of media, including social media, in affecting our perceptions of reality. There is also a detailed discussion of misinformation, disinformation, and fake news. Written in an engaging, readable style, the text is appropriate for graduate or undergraduate students in media psychology, mass communication psychology, and media effects courses. Accompanying online resources are also available for both students and instructors. For students: chapter outlines, additional review and discussion questions, useful links, and suggested further reading. For instructors: lecture slides, guidelines for in-class discussions, a sample syllabus, chapter summaries, useful links, and suggested further reading. Please visit www.routledge.com/9780367713553.
