Ljuset Torgny Lindgren:

Ljuset Torgny Lindgren, 2010-04-07 Vi befinner oss i en by långt norrut i Europa En förfärlig farsot har dragit fram och lämnat bara nio av byns sextio invånare i livet krarna ligger i träd och växer ihop Men också människorna rättskänslan och moraluppfattning har grott igen En dag kommer en förfärlig till byn Hans uppdrag är att fastställa om invånarna besitter någon förmåga att bidra till rikets skatteinkomster Också han drabbas av den allmänna rättslösheten När bysnickaren Kniks hustru lockar honom med sin skönhet faller han för frestelsen Men snickaren har också en gris och medan klockstunden varar rymmer den och begär ett förfärligt illdåd Rättvisan måste ha sin gång men innan rättelsen mot grisen hunnit gå rum kommer ytterligare en förfärlig också han med ett uppdrag

The Historical Novel, Transnationalism, and the Postmodern Era

Susan Brantly, 2017-02-17 This volume explores the genre of the historical novel and the variety of ways in which writers choose to represent the past How does an author's nationality or gender impact their artistic choices To what extent can historical novels appeal to a transnational audience This study demonstrates how histories can communicate across national borders often by invoking or deconstructing the very notion of nationhood Furthermore it traces how the concerns of the postmodern era such as postmodern critiques of historiography colonialism identity and the Enlightenment have impacted the genre of the historical novel and shows this impact has not been uniform throughout Western culture Not all historical novels written during the postmodern era are postmodern The historical novel as a genre occupies a problematic yet significant space in Cold War literary currents torn between claims of authenticity and the impossibility of accessing the past Historical novels from England America Germany and France are compared and contrasted with historical novels from Sweden testing a variety of theoretical perspectives in the process This pitting of a center against a periphery serves to highlight traits that historical novels from the West have in common but also how they differ The historical novel is not just a local regional phenomenon but has become during the postmodern era a transnational tool for exploring how we should think of nations and nationalism and what a society should or should not look like
