**Training Missionaries** Evelyn Hibbert, Richard Hibbert, 2016-09-08 Missionaries must know God, be able to relate well to other people, understand and engage with another culture, and be able to use the Bible in a way that informs all aspects of their lives and ministries. Missionary training must address each of these areas if it is to help Christians to be effective in taking the gospel to the ends of the earth. Effective training has been shown to prevent people from prematurely leaving the field. It also reduces the danger of cross-cultural workers uncritically exporting culturally bound forms of Christianity. This book details four key areas that every missionary training program, whatever its context, must focus on developing. It shows how these can be holistically addressed in a learning community where trainers and trainees engage in cross-cultural ministry together.

Often church planters, disciplers, and pastors struggle to identify grassroots leaders and develop them in their context. As leaders who want to develop other leaders, our task is to come alongside these leaders and learn and grow together with

them *Multiplying Leaders in Intercultural Contexts* focuses on how to develop grassroots Christian leaders across cultures. These often unrecognized leaders mostly lead small groups at the growing edges of the church. They are ordinary people who faithfully share Christ amid the demands of daily life. Another focus of the book is shaping the character of developers as they humbly walk beside leaders in the leaders community. Using the four C's of Christian leadership: Community, Character, Clarity, and Care, the authors weave together research, experience, and practical application to show how these characteristics are expressed across different cultures. The book then discusses five principles illustrated in common settings for an intentional process that develops leaders and their communities collectively. Take the next step now in developing yourself and others in the task of leading Jesus's church wherever that might be.
