*My Syrian Diary: A Memoir of the Land, The People and Geopolitics* Soumen Ray,2019-07-30 Among all other countries in the West Asia Syria was the most tranquil one There was a civil war in its neighbouring country Lebanon for more than fifteen years The Palestinians with various militant groups have ben attacking Israel on a continuous basis and the Israeli Defence Force punishing them regularly for their mischievous acts Iraq on its eastern border under the worst Arab dictator was being punished by the international community On top of these Syria s own relations with the mainstream Arab countries in general and with the West in particular were frosty But in Syria the people were leading a normal peaceful life under the leadership of enigmatic President Hafez al Assad The country s economy was doing well He ensured that Syria was never in the list of regime change of the US and its allies While there was opposition to his

authoritarian rule it did not affect the social and political fabric of Syria. What went wrong immediately after his death? How his politically novice son and successor Bashar al Assad started committing one after another grave mistakes took self-destructive political moves, joined hands with international pariah militant groups to safeguard his position at the cost of Syria and ruined the peaceful oasis. How a secular country where people of different religious faiths living for hundreds of years with perfect harmony and peace became the hub of militant Islamic fundamentalists and one of the most dangerous places on the earth. To provide a perspective to that I wrote *My Syrian Diary*. I had served as an Indian diplomat in the Middle East for more than a decade. My three years tour of duty at the Indian Embassy Damascus gave me an excellent opportunity to know the country, its people and the geopolitics of the region. *Studies in Intelligence*, 2012. **Covert Action** Magda Long, Rory Cormac, Genevieve Lester, Mark Stout, Damien Van Puyvelde, 2025. Covert action is generally understood as unacknowledged interference by one state in the affairs of another state or non-state actor to affect change. This definition inspired from the US approach dominates the debate in intelligence policy and scholarship and provides a prism through which most observers mis-understand this form of secret statecraft. This volume takes covert action global across five continents to explore and compare different states' histories and approaches to conducting covert action. The aim is to produce a more holistic understanding of the variation in covert action traditions across states and cultures over time, especially beyond the American and British traditions. Indeed, as this book shows, forms of covert action have been practiced across millennia by many cultures and on every continent. The volume brings together an international group of distinguished scholars to examine the history of covert action in twenty countries to serve as a foundational study for scholars, students and policymakers. Lowenthal's trusted guide is the go-to resource for understanding how the intelligence community's history, structure, procedures and functions affect policy decisions. In this Seventh Edition, Lowenthal examines cyber space and the issues it presents to the intelligence community, such as defining cyber as a new collection discipline, the implications of the Senate Intelligence Committee's staff report on enhanced interrogation techniques, the rise of the Islamic State and the issues surrounding the nuclear agreement with Iran. New sections have been added offering a brief summary of the major laws governing U.S. intelligence today, such as domestic intelligence collection, whistleblowers vs. leakers and the growing field of financial intelligence. Mossad Michael Bar-Zohar, Nissim Mischal, 2015-09-10. Kein Geheimdienst weltweit ist so bekannt, keiner so legendär und berchtigt wie der israelische Auslandsgeheimdienst Mossad. Gefeierte wurde er für das Aufspüren des Kriegsverbrechers Adolf Eichmann, kritisiert für die Ermordung eines marokkanischen Kellners als Vergeltung der Attentate von München 1972. Doch wie arbeitet der Mossad genau? Was sind seine Methoden? Die israelischen Autoren Michael Bar-Zohar und Nissim Mischal zeigen ein Netz aus Spionage, Sabotage und Propaganda und sparen auch die zuletzt bekannt gewordenen Liquidierungen von hochrangigen iranischen Atomphysikern nicht aus. **The Dictionary of Espionage** Ronald Payne, Christopher Dobson, 1984. **Sûrya**
