*molding the flow of light ieee journals magazine ieee xplore* - Nov 06 2022

web molding the flow of light abstract a new class of materials called photonic crystals affects a photon s properties in much the same way that a semiconductor affects an electron s properties the ability to mold and guide light leads naturally to novel applications in several fields including optoelectronics and telecommunications

**photonic crystals molding the flow of light second edition** - Jun 13 2023

web mar 2 2008 physics nature communications 2021 tldr more than 351 photonic crystal templates are predicted including nearly 300 previously unreported structures that can potentially be realized for a multitude of applications and length scales including several in the visible range via colloidal self assembly 35 pdf
