language *Sociolinguistics* John Edwards,2013-07-11 In this Very Short Introduction John Edwards offers the most up to date brief overview available of sociolinguistics with side trips into the sociology of language and psycholinguistics

Multilingualism John C. Maher,2017-05-18 The languages of the world can be seen and heard in cities and towns forests and isolated settlements as well as on the internet and in international organizations like the UN or the EU How did the world acquire so many languages Why can't we all speak one language like English or Esperanto And what makes a person bilingual Multilingualism language diversity in society is a perfect expression of human plurality About 6 500 7 000 languages are spoken written and signed throughout the linguistic landscape of the world by people who communicate in more than one language at work or in the family or community Many origin myths like Babel called it a punishment but multilingualism makes us who we are and plays a large part of our sense of belonging Languages are instruments for interacting with the cultural environment and their ecology is complex They can die Tasmanian or decline then revive Manx and Hawaiian reconstitute from older forms modern Hebrew gain new status Catalan and Maori or become autonomous national languages Croatian Languages can even play a supportive and symbolic role as some territories pursue autonomy or nationhood such as in the cases of Catalonia and Scotland In this Very Short Introduction John C Maher shows how multilingualism offers cultural diversity complex identities and alternative ways of doing and knowing to hybrid identities Increasing multilingualism is drastically changing our view of the value of language and our notion of the part language plays in national and cultural identities At the same time multilingualism can lead to social and political conflict unequal power relations issues of multiculturalism and discussions over national or official languages with struggles over language rights of local and indigenous communities Considering multilingualism in the context of globalization Maher also looks at the fate of many endangered languages as they disappear from the world ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable [Twelve Lectures on Multilingualism](#) David Singleton,Larissa Aronin,2018-11-20 This major new textbook offers an accessible introduction to many of the most interesting areas in the study of multilingualism It consists of twelve lectures written by leading researchers each dedicated to a particular topic of importance Each lecture offers a state of the art authoritative review of a subdiscipline of the field The volume sheds light on the ways in which the use and acquisition of languages are changing providing new insights into the nature of contemporary multilingualism It will be of interest both to undergraduate and postgraduate students working in linguistics related disciplines and students in associated social sciences *Crosslinguistic Influence and Crosslinguistic Interaction in Multilingual Language Learning* Gessica De Angelis,Ulrike Jessner,Marijana Kresic,2015-11-05 Which strategies do multilingual learners use when confronted with languages they don't yet know Which factors are involved in activating prior

linguistic knowledge in multilingual learning This volume offers valuable insights into recent research in multilingualism crosslinguistic influence and crosslinguistic interaction Experts in the field examine the role of background languages in multilingual learning All the chapters point to the heart of the question of what the multilingual mind is Does learning one language actually help you learn another and if so why This volume looks at languages and scenarios beyond English as a second language Italian Gaelic Dutch and German amongst others are covered as well as instances of third and additional language learning Research into crosslinguistic influence and crosslinguistic interaction essentially contributes to our understanding of how language learning works when there are three or more languages in contact **The Cambridge**

Handbook of Language Contact Salikoko Mufwene, Anna Maria Escobar, 2022-06-30 Language contact the linguistic and social outcomes of two or more languages coming into contact with each other starts with the emergence of multilingual populations Multilingualism involving plurilingualism can have various consequences beyond borrowing interference and code mixing and switching including the emergence of lingua francas and new language varieties as well as language endangerment and loss Bringing together contributions from an international team of scholars this Handbook the second in a two volume set engages the reader with the manifold aspects of multilingualism and provides state of the art research on the impact of population structure on language contact It begins with an introduction that presents the history of the scholarship on the subject matter The chapters then cover various processes and theoretical issues associated with multilingualism embedded in specific population structures worldwide as well as their outcomes It is essential reading for anybody interested in how people behave linguistically in multilingual or multilectal settings **Identity and Dialect Performance** Reem

Bassiouny, 2017-10-24 Identity and Dialect Performance discusses the relationship between identity and dialects It starts from the assumption that the use of dialect is not just a product of social and demographic factors but can also be an intentional performance of identity Dialect performance is related to identity construction and in a highly globalised world the linguistic repertoire has increased rapidly thereby changing our conventional assumptions about dialects and their usage The key outstanding feature of this particular book is that it spans an extensive range of communities and dialects Italy Hong Kong Morocco Egypt Syria Japan Germany The Sudan The Netherlands Nigeria Spain US UK French Guiana Colombia and Libya

Language Diversity in the Classroom John Edwards, 2009-11-16 This book provides comprehensive coverage of language contact in classroom settings A thorough analysis of the sources and implications of social disadvantage is presented first since the nonstandard dialects that children bring with them to school and the unfavourable perceptions of these dialects have traditionally given rise to educational difficulties The persistence of these perceptions is particularly highlighted More general issues surrounding the range and implications of language attitudes are dealt with as is the important test case of Black English The book also discusses foreign language teaching and learning as well as the assumptions and intentions underpinning bilingual and multicultural education Given its breadth and its style this book

should be of interest and value to all teachers as well as to students and researchers concerned with any aspect of the social life of language

The Languages of Nation Carol Percy, Mary Catherine Davidson, 2012-07-25 This collection brings together research on linguistic prescriptivism and social identities in specific contemporary and historical contexts of cross cultural contact and awareness Providing multilingual and multidisciplinary perspectives from language studies lexicography literature and cultural studies our contributors relate language norms to frameworks of identity beyond monolingual citizenship nativeness ethnicity politics religion empire Some chapters focus on traditional instruments of prescriptivism language academies in Europe government language planners in southeast Asia dictionaries and grammars from Early Modern and imperial Britain republican America the postcolonial Caribbean and modern Germany Other chapters consider the roles of scholars in prescriptivism as well as the more informal and populist mechanisms of enforcement expressed in newspapers With a thematic introduction articulating links between its breadth of perspectives this accessible book should engage everyone concerned with language norms

Linguistic Landscapes Peter Backhaus, 2007 Linguistic Landscapes is the first comprehensive approach to a largely under explored sociolinguistic phenomenon language on signs Based on an up to date review of previous research from various places around the world the book develops an analytical framework for the systematic analysis of linguistic landscape data This framework is applied to a sample of 2 444 signs collected in 28 survey areas in central Tokyo Analytical categories include the languages contained and their combinations differences between official and nonofficial signs geographic distribution availability of translation or transliteration linguistic idiosyncrasies and the comparison of older and newer signs among others Combining qualitative and quantitative methods the analysis yields some unique insights about the writers of multilingual signs their readers and the languages and scripts in contact Linguistic Landscapes thus demonstrates that the study of language on signs has much to contribute to research into urban multilingualism as well as the study of language and society as a whole

Minority Language Media Michael J. Cormack, Niamh Hourigan, 2007 Presents a collection of essays on general topics on minority language media as well as studies of specific examples This work attempts to define and develop minority language media as a distinct field of study

Encyclopedia of Language and Education Nancy H. Hornberger, 2007-11-20 In this second fully revised edition the 10 volume Encyclopedia of Language and Education offers the newest developments including two new volumes of research and scholarly content essential to the field of language teaching and learning in the age of globalization In the selection of topics and contributors the Encyclopedia reflects the depth of disciplinary knowledge breadth of interdisciplinary perspective and diversity of sociogeographic experience in the field Throughout there is an inclusion of contributions from non English speaking and non western parts of the world providing truly global coverage

Understanding Diversity Wsevolod W. Isajiw, 1999 The Canadian census lists more than one hundred ethnicities in the Canadian population making it rather unique even among modern multi ethnic nations Understanding Diversity is a core text for use at universities and colleges across

Canada Its aim is to stimulate students to think about ethnicity and race in a more systematic analytical manner one that will lead to a better understanding of the important place of ethnicity in Canada and in the global society Over the past 30 years or so an entire body of theoretical and empirical knowledge has developed about ethnicity and ethnic and race relations in Canada While researchers may disagree on specific issues they have much in common and they share a basic agreement on the importance of quantitative and qualitative methods in resolving their outstanding differences This book describes the essential features of the sub discipline that has emerged in this area and it details what we know don t know and still need to know about ethnicity and ethnic and race relations in Canada **Rethinking Language Education** Arturo Tosi, Constant Leung, 1999 Britain has witnessed a number of changes in language education research and policy These changes have been influenced by the challenges to the predominance of British Anglo centric attitudes and values increasing research in bilingualism and bilingual education for ethnic minorities largely North American based becoming known in Europe via scholars working in Britain and multilingual Europe investing in research and teaching provision in foreign language education **International Journal of the Sociology of Language** ,2000 **Urban Multilingualism in Europe** Guus Extra, Kutlay Yağmur, 2004 This book focuses on the increase of urban multilingualism in Europe as a consequence of processes of migration and minorisation It offers multidisciplinary crossnational and crosslinguistic perspectives on immigrant minority languages at home and in school in six multicultural cities across Europe In each of these cities Germanic or Romance languages have a dominant status in public life This Multilingual Cities Project is based on large scale empirical findings and has been carried out under the auspices of the European Cultural Foundation in Amsterdam Part I offers multidisciplinary background information on phenomenological demographic language rights and educational aspects of the status of immigrant minority communities and their languages in a variety of international contexts Part II offers methodological considerations on the Multilingual Cities Project In addition it presents both national and local perspectives on multilingualism in each of the six cities under consideration Each chapter provides information on the distribution and vitality of immigrant minority languages spoken at home and on the status of these languages in primary and secondary schools Part III offers crossnational and crosslinguistic perspectives on the twenty most prominent languages that emerge from the study The focus is again on the two major private and public domains in which language transmission may or may not occur the home and the school respectively The book offers a challenging outlook on the educational management of language diversity in the increasingly multicultural and multilingual context of European nation states Sociological Abstracts Leo P. Chall, 1998
