The Federal Court System in the United States Admin. Office of the United States Courts, 2020-03-19 This booklet is designed to introduce judges and judicial administrators in other countries to the U.S. federal judicial system, its organization and administration, and its relationship to the legislative and executive branches of the government. The Judicial Services Office of the Administrative Office of the U.S. Courts developed this booklet to support the work of the Judicial Conference Committee on International Judicial Relations. The Chief Justice presides over the Judicial Conference of the United States, the national policymaking body of the federal courts. Today, 26 judges comprise the Conference: the chief judge of each of the 13 federal courts of appeals, 12 district trial judges elected from each of the geographic circuits, and the chief judge of the U.S. Court of International Trade.

A Guide to Federal Terms and Acronyms Don Philpott, 2017-12-20 Navigating government documents is a task that requires considerable knowledge of specialized terms and acronyms. This required knowledge nearly amounts to knowing a completely different language. To those who are not fluent, the task can be overwhelming as federal departments fill their documents with acronyms, abbreviations, and terms that mean little or nothing to the outsider. Would you be able to make sense of a document that described how the COTR reports to the CO regarding compliance with FAR, GPR, SARA, and FASA? This is a common procedure in government contracting. Would you have any clue what was being referred to if you came across MIL-STD-129P? It is the new standard for Military Shipping Label Requirements. The sheer number of such terms makes mastering them nearly impossible. But now these terms

and their definitions are within reach This new edition of A Guide to Federal Terms and Acronyms presents a glossary of key definitions used by the federal government It is updated to include new acronyms and terminology from various federal government departments It covers the most common terms acronyms and abbreviations used by each major agency presenting definitions and explanations in a user friendly and accessible way This is an essential tool for anyone who works with federal government information

Proposed Long Range Plan for the Federal Courts Judicial Conference of the United States. Committee on Long Range Planning, 1995 This first comprehensive plan for the future of the federal courts responds to a growing awareness within and without the courts that the accelerating pace of social change requires public institutions to anticipate likely future challenges and opportunities The Constitution vests the federal courts with the judicial power of the United States power which the courts are bound to exercise justly speedily and economically To meet that responsibility the courts must first and above all preserve the rule of law At the same time they must respond to the changing needs of society litigants and the practicing bar The federal courts intend that this first plan along with the planning process that it has initiated will foster those two imperatives p 1
