Kalamazoo Public Schools Spring Break 2015:

Broader, Bolder, Better Elaine Weiss, Paul Reville, 2021-02-23 In *Broader Bolder Better* authors Elaine Weiss of the Broader Bolder Approach to Education campaign and Paul Reville former Massachusetts secretary of education make a compelling case for a fundamental change in the way we view education. The authors argue for a large scale expansion of community school partnerships in order to provide holistic integrated student supports ISS from cradle to career including traditional wraparound services like health mental health nutrition and family supports as well as expanded access to opportunities such as early childhood education afterschool activities and summer enrichment programs. The book builds on nearly a decade of research by the Broader Bolder Approach to Education a national initiative endorsed by more than sixty policy experts and leaders from across the country and draws on the work of Harvard's Education Redesign Lab. It pulls from case studies of effective ISS efforts in twelve diverse communities to illustrate the variety of strategies that can be adopted locally. A call to action that also provides examples of communities that are successfully leveling the playing field for poor children this book offers a detailed vision for building through field work mobilization and financing comprehensive systems to prepare all children for success.

Poor No More Peter Cove, 2017-01-31 In the 1960s America set out to end poverty Policy makers put forth an unprecedented package of legislation funding poverty programs and empowering the poor through ineffectual employment related education and training However these handouts produced little change and efforts to provide education and job training proved inconsequential boasting only a 2.8 percent decrease in the poverty rate since 1965 Decades after the War on Poverty began many of its programs failed Only one thing really worked to help end poverty and that was work itself the centerpiece of welfare reform in 1996 Poor No More is a plan to restructure poverty programs prioritizing jobs above all else Traditionally job placement programs stemmed from non profit organizations or government agencies However America Works the first for profit job placement venture founded by Peter Cove has the highest employee retention rate in the greater New York City area even above these traditional agencies When the federal government embraced the work first ideal inspired by the success of America Works welfare rolls plummeted from 12.6 million to 4.7 million nationally within one decade Poor No More is a paradigm shifting work that guides the reader through the evolution of America's War on Poverty and urges policy makers to eliminate training and education programs that waste time and money and to adopt a work first model while providing job seekers with the tools and life lessons essential to finding and maintaining employment
