**Construction in Action (masonry)** Ama Tu (pseud.), 1928      **Agnes and the Forbidden Mountain** Veronika Hurdová, 2022-01-01 Agnes lives in the virgin forest tribe of Magreys Each member of the tribe is born with an exceptional gift As soon as a Magrey discovers and masters their gift there comes the time to perform it during a Full Moon Celebration and to promise not to misuse it and serve for the good of the tribe The only catch is that a Magrey must do so before reaching the age of twelve years old or they turn into a Shadow Agnes just celebrated her eleventh birthday And unlike the others she still has no idea what her gift is So she sets out on a dangerous journey to the Forbidden Mountain To the very same mountain from which her father never returned five years ago An adventurous story about a journey to find her inner self lets the reader ponder such questions as How do you make sense of your time on Earth which is ridiculously short How do you follow your heart How do you not cling to all the things that we have borrowed in our lives How do you find happiness in the mundane How do you awaken kindness to your own body How do you take care of your soul and not let others hurt you And how do you come to terms with your own mortality Veronika Hurdová I strongly believe that developing and pampering our own unique skills is the right way to make the world around us a more beautiful place The book is intended for children from eight to one hundred years old      2044: Tomorrow's Resistance Adriano Leonel, 2025-01-10 2044 Tomorrow s Resistance The world as you know it no longer exists The future is a battlefield and hope is the only weapon left After the devastation of World War III the planet has become a barren wasteland of ruins technological control and despair The shadows of the destroyed metropolises are now illuminated only by the cold glow of Aetheron the suspended city that dominates the sky and humanity Under the command of an enigmatic and ruthless artificial intelligence freedom is an obsolete concept In this chaotic scenario Izzy a brilliant sarcastic and determined hacker carries the weight of loss and revolt in every line of code she writes At her side TJ a bionic ex military man marked by physical and emotional pain fights as if each battle were his last United by an intertwined past they share more than a desire to survive they have an inexplicable almost cosmic connection that leads them straight to the heart of the resistance But when secrets are revealed and the unimaginable unfolds Izzy and

TJ discover that there is something much darker than the Oracle's control or the ruins of Earth a new unseen threat that challenges everything they thought they knew about life and reality itself Between sharp dialogue sarcastic humor visceral romance and breathtaking action scenes 2044 Resistance of Tomorrow is a frenetic rollercoaster of emotions where every page brings an unexpected twist It is a story of love and struggle of hope and despair of a future that can be saved or destroyed in the blink of an eye Prepare for battle The resistance begins now Why read 2044 Resistance of Tomorrow An engaging plot non stop action with surprises that will leave you breathless Iconic characters Izzy and TJ are an unforgettable couple with explosive chemistry and dialogues that will make you laugh cry and root for them at every moment A rich dystopian world with advanced technology reflections on the power of artificial intelligence and a devastating scenario that still pulses with hope Romance and humor amidst the chaos passion and sarcasm shine like sparks in the darkness Constant twists and turns when you think you know what's going to happen the book will surprise you If you're a fan of stories that combine electrifying action deep characters intense romance and a fascinating dystopian universe this book was made for you Victory can be an illusion Hope never 2044 The Resistance of Tomorrow Where the future is decided
