 Sinclair Banks,2019-03-01 This 664 page law and logic book contains the most comprehensive and detailed description of the
 composition of argument ad hominem ever published revealing this form of argument to be a far broader fallacy than was
 previously known Like perjury argument ad hominem can deceive juries and cause unjust trial verdicts There is fortunately
 already a criminal law against perjury but unfortunately there is currently no law that expressly prohibits argument ad
 hominem in trials The book includes the text of a proposed criminal law that expressly prohibits argument ad hominem in
 trials and shows the necessity of such a law to counter effectively this quite common form of injustice in jury trials For more
