## Mini Import Guide:

*The Ultimate Guide To Mini Importation Business* John Stones, 2019-07-03 It is no longer news that anybody can actually import goods from China to one's doorstep without necessarily travelling to China. Yes, Internet has made things beautiful in this era. This book will provide you with a step by step guide on how to import goods from China, USA and the best place to import these goods at a very cheap rate and how you can ship them to your door steps at a minimal cost. You may call this a mini Importation Business. Talking about mini Importation Business, we mean importing goods in smaller units or quantities, not like those that import in mega quantities especially in containers. Mini importation has to do with very small quantities and can be done by anyone without belonging to any trade union or society. It is simply an online method of importing in small scale. No long paper work is required and one can start with available little fund and in the comfort of one's bedroom.
