## OWNER'S MANUAL

Your Minolta SR-T 102 is designed and built to give you greater speed and ease of operation and handling.

Both F-number and shutter speed set are visible in the viewfinder. A new-type "micro-split" finder screen aids rapid, accurate focusing. Besides the recognized advantages of full-aperture, through-the-lens metering, this camera features the exclusive Minolta GLC ("Contrast Light Compensator") system for most satisfactory exposures in virtually all lighting situations.

In addition to this better exposure-metering and viewing system, the Minolta SR-T 102 has features that make it handle easier and more responsively.

Multiple exposure capability and a direct-contact "hot shoe" are among the other advanced features of this new camera.

Before using your SR-T 102 for the first time, read this manual carefully all the way through — or at least all the sections needed to cover your own photographic requirements. In this way, you can take good pictures and begin to realize the full potential of your Minolta right from the start.
