Mitchell Transmission Service & Repair Mitchell, Mitchell Information Services, 1986 **Recommender System for Improving Customer Loyalty** Katarzyna Tarnowska, Zbigniew W. Ras, Lynn Daniel, 2019-03-19 This book presents the Recommender System for Improving Customer Loyalty New and innovative products have begun appearing from a wide variety of countries which has increased the need to improve the customer experience When a customer spends hundreds of thousands of dollars on a piece of equipment keeping it running efficiently is critical to achieving the desired return on investment Moreover managers have discovered that delivering a better customer experience pays off in a number of ways A study of publicly traded companies conducted by Watermark Consulting found that from 2007 to 2013 companies with a better customer service generated a total return to shareholders that was 26 points higher than the S P 500 This is only one of many studies that illustrate the measurable value of providing a better service experience The Recommender System presented here addresses several important issues 1 It provides a decision framework to help managers determine which actions are likely to have the greatest impact on the Net Promoter Score 2 The results are based on multiple clients The data mining techniques employed in the Recommender System allow users to learn from the experiences of others without sharing proprietary information This dramatically enhances the power of the system 3 It supplements traditional text mining options Text mining can be used to identify the frequency with which topics are mentioned and the sentiment associated with a given topic The Recommender System allows users to view specific anonymous comments associated with actual customers Studying these comments can provide highly accurate insights into the steps that can be taken to improve the customer experience 4 Lastly the system provides a sensitivity analysis feature In some cases certain actions can be more easily implemented than others The Recommender System allows managers to weigh these actions and determine which ones would have a greater impact *Jane's Airport Equipment* ,1983 **Hydraulic Power Transmission** ,1961 Materials Handling News ,1990 Chartered Mechanical Engineer ,1979 **Moody's Public Utility Manual** ,1958 *AMJ, Agricultural Machinery Journal* ,1982 **Public Works Manual** ,2002 **Roll of Commissioned Officers in the Medical Service of the British Army** William Johnston, Peter John Anderson, 1917 **Current Research in Britain** ,1992 **Farming Ahead with the Kondinin Group** ,2006 Moody's International Manual ,1997 **Power Farming in Australia and New Zealand Technical Manual** ,1989 **Pennsylvania Township News** ,1982 **Vocational Rehabilitation Index** ,1974 Welding and Metal Fabrication ,1973 **Farmers and Consumers Market Bulletin** ,2011 **Vocational Rehabilitation Index, 1974** John E.
