Advancing Africa's Sustainable Development Alain L. Fymat, 2018-11-14 While many African countries lag behind the rest of the industrialised world in scientific and medical research and development the situation is progressively improving This is why the Society for the Advancement of Science in Africa was established to contribute to economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa s fourth annual conference The conference was held under the overarching theme of science technology and innovation in Africa with several important sub themes including but not limited to improving health research and disease surveillance education collaborating in research responding to epidemic diseases with high mortality in Africa and promoting women s interest in science careers The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science technology and innovation in Africa

Negotiating Identities in Contemporary Africa Toyin Falola, Emmanuel M. Mbah, 2023-08-29 Negotiating Identities in Contemporary Africa Gender Religion and Ethno cultural Identities explores the changing dynamics of identities in Africa with a focus on gender ethno cultural and religious identity Toyin Falola and Emmanuel M Mbah argue that because identity defines who we are as individuals or groups studies on African identities must focus on understanding the changing dynamics in the socio economic and political spheres in the continent These chapters cover subjects such as women s career identity gender roles and knowledge childlessness ethnocentrism and democracy cultural identity through theater Black identity in the diaspora and diasporic consciousness Using existing scholarship the chapters in this edited volume challenge our understanding of what identity entails and provide new discussions on the hitherto politicized historiography of some identities in Africa

**Today's Universities: Combining Rigour with Relevance** Michigan State University, 2015-08-05 Last year the Dubai International Conference in Higher Education considered the global challenge of sustaining success in higher education This year we posed the question How do universities combine rigour with relevance Once again we have invited all those involved in the higher education community to come together to share insights related to the provision of education that is rigorous and at the same time relevant The three key premises of the conference are these 1 Higher education institutions must demonstrate their relevance to the needs of the workforce in a landscape of constant and rapid economic and social change 2 They must maintain the rigorous academic standards that are the hallmark of a quality institution 3 With the accelerating power and reach of the web universities must meet unprecedented challenges as technological innovation disrupts their traditional business model Unless individual universities prove that they are capable of adapting successfully in the face of these three pressures their futures may be uncertain
