Mr Legman describes at length some of the masterpieces of erotic English literature with humor and common sense He gives the reader an opportunity to sample these works by quoting from books usually kept hidden or under lock and key and from his unmatched private library Having established the worth of unfettered folk art Mr Legman continues with a furious attack on the commonly accepted practice of expurgating folk material in our language The censorship of folklore or the simple refusal to publish it complete is nothing less than forgery Mr Legman demolishes the patently illogical and insensible idea that it is only sex which is considered necessary to expunge while allowing sadistic programs books and plays an uncriticized place in our society From book jacket      **"The" Bibliographer's Manual of English Literature, Containing an Account of Rare, Curious, and Useful Books, Published in Or Relating to Great Britain and Ireland, from the Invention of Printing** William Thomas Lowndes, 1857      **The Border Magazine**, 1929      **"A" Critical Dictionary of English Literature and British and American Authors Living and Deceased** Samuel Austin Allibone, 1872
