**Engineering Design and Mathematical Modelling** Nnamdi Nwulu, Mammo Muchie, 2020-12-17 Engineering Design and Mathematical Modelling Concepts and Applications consists of chapters that span the Engineering design and mathematical modelling domains Engineering design and mathematical modelling are key tools techniques in the Science Technology and Innovation spheres Whilst engineering design is concerned with the creation of functional innovative products and processes mathematical modelling seeks to utilize mathematical principles and concepts to describe and control real world phenomena Both of these can be useful tools for spurring and hastening progress in developing countries They are also areas where Africa needs to skill up in order to build a technological base The chapters in this book cover the relevant research trends in the fields of both engineering design and mathematical modelling This book was originally published as a special issue of the African Journal of Science Technology Innovation and Development The Oxford Handbook of Kenyan Politics Nic Cheeseman, Karuti Kanyinga, Gabrielle Lynch, 2020-02-14 Kenya is one of the most politically dynamic and influential countries in sub Saharan Africa Today it is known in equal measure as a country that has experienced great highs and tragic lows In the 1960s and 1970s Kenya was seen as a success story of development in the periphery and also led the way in terms of democratic breakthroughs in 2010 when a new constitution devolved power and placed new constraints on the president However the country has also made international headlines for the kind of political instability that occurs when electoral violence is expressed along ethnic lines such as during the Kenya crisis of 2007/08 when over 1 000 people lost their lives and almost 700 000 were displaced The Oxford Handbook of Kenyan Politics explains these developments and many more drawing together 50 specially commissioned chapters by leading researchers The chapters they have contributed address a range of essential topics including the legacy of colonial rule ethnicity land politics devolution the constitution elections democracy foreign aid the informal economy civil society human rights the International Criminal Court the growing influence of China economic policy electoral violence and the impact of mobile phone technology In addition to covering some of the most important debates about Kenyan politics the volume provides an insightful overview of Kenyan history from 1930 to the present day and features a set of chapters that review the impact of devolution on regional politics in every part of the country Transcending Member States Babatunde Fagbayibo, 2022-09-14 This book explores innovative and context driven political and legal policy measures designed to expand the powers of the African Union AU in order to meaningfully drive the continental integration process In this regard the book addresses issues of context political will and innovative and inclusive approaches as essential elements that must be considered Africa is currently experiencing one of the most critical phases of its integrative development Since 2015 there have been increasing efforts to develop policies and practices that grant the AU broader powers to coordinate and create binding rules regarding the regional integration process In other words these processes seek to endow the AU with supranational powers like those

exercised by the European Union which despite its internal problems remains the most successful experiment in supranationalism in the world This has included the decision to finance the AU through a 0.2% tax on eligible imports into member states the decision to reduce the number of AU Commission portfolios from eight to six the adoption and entry into force of the much touted Agreement establishing the African Continental Free Trade Area the adoption of the Protocol to the Treaty Establishing the African Economic Community Relating to Free Movement of Persons Right to Residence and Right of Establishment and the adoption of the AU Agenda 2063 policy framework in 2015 How these processes will change the direction of regional integration in Africa the book argues largely depends on the existence of quality driven institutions

**Generating Actionable Climate Information in Support of Climate Adaptation and Mitigation** Andreas Marc Fischer, Janette Bessembinder, Fai Fung, Hans Olav Hygen, Katharine Jacobs, 2024-07-04 Climate change is under way in full extent adversely affecting more and more facets in nature society and economy The observations and the projections of these changes are increasingly important to consider in long term planning given the need to adapt to the multi sectoral climate impacts that can be anticipated In most cases it is the information on the local scale in a user oriented way that is most relevant in this context Over recent years many countries and organisations have set up climate services such as factsheets brochures web tools data to enable downstream applications and to form a decision support basis for climate action planning e.g. KNMI14 in the Netherlands UKCP18 in the UK CH2018 in Switzerland Climate Change in Australia NCA4 in the US Copernicus Climate Data Store CDS
