**Israel, the Church, and Millenarianism** Steven D. Aguzzi, 2017-07-28 Since the calls of the Second Vatican Council Roman Catholic theologians have sought to overcome an overarching problem facing Jewish Christian relations the concept of supersessionism the idea that God has revoked the spiritual and historical promises made to the Jewish people in favour of granting those same privileges to a predominantly Gentile Church Israel the Church and Millenarianism breaks new ground by applying an ancient principle to the problem of Israel's replacement the early Church's promotion of millennialism Utilizing the best in Patristic research Aguzzi argues that these earliest Christian traditions made room for the future of Israel because Christ's reign in the Church was viewed as provisional to his historical reign on earth Israel's role in salvation history was and is not yet complete Aguzzi's research also opens the door for a greater Catholic understanding of the millennial principle not shying away from its validity and relevance for understanding the importance of safeguarding Jewish particularity while concluding that the Synagogue and the Church are indeed on a parallel trajectory what will their Israel's acceptance be but life from the dead Romans 11:15 Ultimately the divine will is fulfilled through both Christian and Jewish means in history while each community is dependent in different ways upon the unfolding of God's future and the coming Parousia of Christ

**From Here to Eternity: Reflections on Death, Immortality, and the Resurrection of the Body** Randall B. Smith, 2023-01-27 Throughout history and across cultures people have shared the hope and the belief that somehow something about the human person survives death Indeed it seems that without a notion of life after death this life would seem meaningless If in the end everything we have strived for and all our love comes to naught and is simply swallowed up by nothingness then what was the point of it all In *From Here to Eternity* Randall Smith shows how the Christian doctrines regarding the resurrection of the body and the communion of saints provide an understanding of life after death as a meaningful fulfillment of this life not a negation of it

*Between Death and Resurrection* Stephen Yates, 2018-08-09 Christians look with hope to the resurrection of the dead and the restoration of all things But what of those

who have already died Do they also await these things or have they in some sense already happened for them Within the Catholic theological community this question has traditionally been answered in terms of the disembodied souls of human beings awaiting bodily resurrection Since the 1960s Catholic theologians have proposed two alternatives resurrection at death into the Last Day and the consummation of all things or resurrection in death into an interim state in which the embodied dead await with us the final consummation of all things This book critically examines the Scriptural philosophical and theological reasons for these alternatives and on the basis of this analysis offers an account of the traditional schema which makes clear that in spite of these challenges it remains the preferable option **Death be Not Proud** Mark

Corner,2011 Might people one day live for ever Would they want to What sense can be made of ideas commonly referred to in terms of an afterlife What about notions of Heaven and Hell of Purgatory and reincarnation And in what sort of state are human beings expected to be during this afterlife immortal souls or resurrected bodies and does either notion make sense What about the fact that any afterlife concerns not just the fate of individuals but of society communion of saints and even the physical universe itself This book tries to survey some of the existing arguments about life after death with chapters on material from Christian tradition particularly the New Testament and the Early Church and from the philosophy of religion It then attempts to reach its own conclusions drawing on Kant and Barth in order to suggest that death is to be overcome rather than survived *Mary's Bodily Assumption* Matthew Levering,2014-11-24 In *Mary's Bodily Assumption* Matthew Levering presents a contemporary explanation and defense of the Catholic doctrine of Mary's bodily Assumption He asks How does the Church justify a doctrine that does not have explicit biblical or first century historical evidence to support it With the goal of exploring this question more deeply he divides his discussion into two sections one historical and the other systematic Levering's historical section aims to retrieve the rich Mariological doctrine of the mid twentieth century He introduces the development of Mariology in Catholic Magisterial documents focusing on Pope Pius XII's encyclical *Munificentissimus Deus* of 1950 in which the bodily Assumption of Mary was dogmatically defined and two later Magisterial documents Vatican II's *Lumen Gentium* and Pope John Paul II's *Redemptoris Mater* Levering addresses the work of the neo scholastic theologians Joseph Duhr Alo's Janssens and R ginald Garrigou Lagrange before turning to the great theologians of the nouvelle th ologie Karl Rahner Hans Urs von Balthasar Louis Bouyer Joseph Ratzinger and their emphasis on biblical typology Using John Henry Newman as a guide Levering organizes his systematic section by the three pillars of the doctrine on which Mary's Assumption rests biblical typology the Church as authoritative interpreter of divine revelation under the guidance of the Holy Spirit and the fittingness of Mary's Assumption in relation to the other mysteries of faith Levering's ecumenical contribution is a significant engagement with Protestant biblical scholars and theologians it is also a reclamation of Mariology as a central topic in Catholic theology *The Christian Hope* Brian Hebblethwaite,2010-09-02 Since *The Christian Hope* was first published in 1984 eschatology has remained a central concern of Christian Theology This updated

edition allows a new readership to engage afresh with questions of eschatology in a twenty first century context Book Jacket

**Theology without Borders** Leo D. Lefebure, 2022-06-01 Peter C Phan's contributions to theology and pioneering work on religious pluralism migration and Christian identity have made a global impact on the field The essays in *Theology without Borders* offer a variety of perspectives across Phan's fundamental work providing an overview for anyone interested in his body of work and its influence

*Eschatology and Hope* Anthony Kelly, 2006 This text offers an introduction to the central theme of Christian eschatology the doctrine and study of what Christians hope for as they follow the Way taught by the prophets and saints and above all opened up in the paschal mystery of Jesus of Nazareth Hoping for life after death a sage once said is not a particularly religious action Here Anthony Kelly examines the concept of hope in general and how eschatology enlarges the scope of what humans anticipate in ways that transcend mere continuation of life after life Kelly helps the reader see that Christian hope involves much more than hope for personal immortality

**The Mystery of the Trinity in the Theological Thought of Pope John Paul II** Antoine Nachez, 1999 Since his election to the papacy in 1978 Pope John Paul II's incomparable theological thinking has exercised a vast influence upon the Catholic Church His documents command worldwide attention because he presents the Tradition of the Church in an accessible way to contemporary readers *The Mystery of the Trinity in the Theological Thought of Pope John Paul II* investigates all the papal documents including his Encyclicals on the Father *Dives in Misericordia* on the Son *Redemptor Hominis* and on the Holy Spirit *Dominum et Vivificantem* In detail this work systematically presents John Paul II's philosophy of the human person in relationship with the Divine Persons his theology of creation and redemption his Christology and his theology of the Holy Spirit

*Intractable Disputes about the Natural Law* Lawrence Cunningham, 2009 In 2004 then Cardinal Ratzinger requested that the University of Notre Dame study the complex issues embedded in discussions about natural rights and natural law in the context of Catholic thinking To that end Alasdair MacIntyre provided a substantive essay on the foundational problem of moral disagreements concerning natural law and eight scholars were invited to respond to MacIntyre's essay either by addressing his work directly or by amplifying his argument along other yet similar paths The contributors to this volume are theologians philosophers civil and canon lawyers and political scientists who reflect on these issues from different disciplinary perspectives MacIntyre responds to the other contributors in a closing essay

**The Struggle for Theology's Soul** William M. Thompson, William Thompson-Uberuaga, 1996 A leading scholar of Christology shows why a theologian must be a master of Holy Writ and why a biblical scholar must be a theologian William M Thompson makes a convincing case for keeping theology and scriptural studies in fruitful combination and dialogue *The Struggle for Theology's Soul* is a rehabilitation of the way theologians and biblical scholars practiced their craft in the greater history of the Church but with a second naivete having attempted to pass through the challenges of contemporary thought It honors a certain kind

of specialization of disciplines but also argues that it is healthy to have works which are more integrative as well. Each style needs and corrects the other. The book is somewhat contentious and definitely passionate. Christology argues the author is at bottom a contest over Holy Writ and this contest constitutes theology's soul because Christ is theology's center. Generalists and specialists alike will find much to ponder, discuss and debate in *The Struggle for Theology's Soul*. *Beyond the Threshold* Christopher M. Moreman, 2008-09-18. An overview of beliefs in an afterlife from major world religions: Ancient conceptions, Judaism, Christianity, Islam, Hinduism, Buddhism, Chinese religions. An overview of the research into experiences of an afterlife: Mediumship, Apparitions and hauntings, Near death and out of the body experiences, Past life memories. Beliefs and experiences: an attempt at a synthesis. Comparison of beliefs, Comparison of phenomena. *The Order of Christian Funerals* H. Richard Rutherford, 1990. **Paul Tillich** Raymond F. Bulman, Frederick J. Parrella, 1994. **Handbook of Catholic Theology** Wolfgang Beinert, Francis Schüssler Fiorenza, 1995. Everything one needs to know about Catholic theology can be found in this essential handbook. Biblically and historically based, ecumenically oriented, up to date and easy to use. The book's eleven major categories contain more than 300 alphabetical cross-referenced entries, each one to four pages in length. Index, Illustrations. *Faith and the Future* Raymond Edward Brown, 1994. Walter Kasper, Gerald O. Collins and Raymond E. Brown contribute to this book an initial overview of some eschatological themes and help to shed light on the complexities of reflection on this often neglected area of theology.
